

FFY 2013 Arizona Early Intervention Program

EIP PUBLIC REPORTING

Per 34 C.F.R. § 303.702(b)(A)(i)(A) Public Reporting: The State must report annually to the public on the performance of each Early Intervention Program(EIP) located in the State on the targets in the State's performance plan as soon as practicable but no later than 120 days following the State's submission of its annual performance report. This document contains the most recently available data on each EIP in the State for FFY 2013.

Early Intervention Performance Information – Public Reporting FFY 13

Explanation of indicators, source of data, timeframe, state targets and state performance rate.

#	Indicator Name	Indicator Description	Source of Data and Timeframe	FFY 2013 Target	FFY 13 State Rate
1	Timely Services	Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner.	Data reported includes State Monitoring data for Early Intervention Programs (EIPs) in the first year of a three year cycle, and includes IFSPs written from April 1, 2014 through June 30, 2014, with a new service, whether due to an initial IFSP, a six month review or an annual review for the 14 EIPs participating in the first year of the monitoring cycle through Self-Reporting data. Timely services data were gathered manually using the Child File Review Sheet for timely Individualized Family Service Plan (IFSP) services.	100%	82.9%
2	Settings	Percent of infants and toddlers with IFSPs who primarily receive early intervention services in the home or community-based settings.	Data is reported from the statewide data system and includes all IFSPs (initial, review and annual) completed during the time period from July 1, 2013 through June 30, 2014.	89%	95%
3		Of those children who entered or exited the program below age expectations in Social Relationships , the percent who substantially increased their rate of growth by the time they exited the program. A SS 1	Data is reported from the statewide data system and includes all children who exited early intervention from July 1, 2013 through June 30, 2014, and received at least six months of early intervention services.	65%	72%

#	Indicator Name	Indicator Description	Source of Data and Timeframe	FFY 2013 Target	FFY 13 State Rate
		The percent of children who were functioning within age expectations in Social Relationships by the time they exited the program. A SS 2	Data is reported from the statewide data system and includes all children who exited early intervention from July 1, 2013 through June 30, 2014, and received at least six months of early intervention services.	58%	55%
		Of those children who entered or exited the program below age expectations in acquiring and using knowledge and skills, the percent who substantially increased their rate of growth by the time they exited the program. B SS 1	Data is reported from the statewide data system and includes all children who exited early intervention from July 1, 2013 through June 30, 2014, and received at least six months of early intervention services.	73%	75%
		The percent of children who were functioning within age expectations in acquiring and using knowledge and skills , by the time they exited the program. B SS 2	Data is reported from the statewide data system and includes all children who exited early intervention from July 1, 2013 through June 30, 2014, and received at least six months of early intervention services.	51%	54.7%

#	Indicator Name	Indicator Description	Source of Data and Timeframe	FFY 2013 Target	FFY 13 State Rate
		Of those children who entered or exited the program below age expectations in taking appropriate action to meet needs , the percent who substantially increased their rate of growth by the time they exited the program. C SS 1	Data is reported from the statewide data system and includes children who exited early intervention from July 1, 2013 through June 30, 2014, and received at least six months of early intervention services.	73%	75.9%
		Of those children who entered or exited the program below age expectations in taking appropriate action to meet needs , the percent who substantially increased their rate of growth by the time they exited the program. C SS 2	Data is reported from the statewide data system and includes all children who exited early intervention from July 1, 2013 through June 30, 2014, and received at least six months of early intervention services.	50.5%	54%
4	Family Outcomes	A. Know their rights;	<p>Each Service Coordinator hand delivers a copy of the survey as part of the Annual IFSP meeting and at transition from early intervention. The Service Coordinator completes the demographics portion of the survey prior to providing the survey (with a postage prepaid envelope) to the family.</p> <p>While the responses received from July 1, 2013 through June 30, 2014, are representative for most ethnicities, there is an under representation from families identified as</p>	94%	98%

#	Indicator Name	Indicator Description	Source of Data and Timeframe	FFY 2013 Target	FFY 13 State Rate
			<p>Hispanic or Latino when it comes to returning the family survey. The survey is available in both English and Spanish versions. The low survey response does not appear to be due to a language barrier. The current survey collection tool lists Hispanic or Latino as options under both race and ethnicity. This can lead to multiple races and/or ethnicities being chosen. Additionally, the survey was not updated to reflect the new Early Intervention Programs, and as a result, surveys may not be specifically attributed to certain EIPs in multi-contract counties.</p> <p>The survey will be updated to address these two issues, and training will be provided to service coordinators to increase the representativeness of the family outcome surveys submitted to the state office.</p>		
		B. Effectively communicate their children's needs; and	<p>Each Service Coordinator hand delivers a copy of the survey as part of the Annual IFSP meeting and at transition from early intervention. #	Indicator Name	Indicator Description	Source of Data and Timeframe	FFY 2013 Target	FFY 13 State Rate
5	Child Find, Ages Birth to One	Percent of infants and toddlers birth to 1 with IFSPs compared to national data.	Data is reported from the statewide data system and includes all children with IFSPs, birth through age one, during the time period from July 1, 2013 through June 30, 2014. There are 15 counties in Arizona, which are subdivided into 40 EIPs, as a result, data is reported by actual number served rather than percentage, and each EIP remained the same or increased the rate served on this indicator.	.64%	.75%
6	Child Find, Ages Birth to Three	Percent of infants and toddlers birth to 3 with IFSPs compared to national data	Data is reported from the statewide data system and includes all children with IFSPs, birth through age three, during the time period from July 1, 2013 through June 30, 2014. There are 15 counties in Arizona, which are subdivided into 40 EIPs, as a result, data is reported by actual number served rather than percentage, and each EIP remained the same or increased the rate served on this indicator.	1.87%	1.94%
7	45-Day Timeline (Timeliness of IFSP)	Percent of eligible infants and toddlers with IFSPs for whom an evaluation and assessment and an initial IFSP meeting were conducted within Part C's 45-day timeline.	Data reported includes State Monitoring data for Early Intervention Programs (EIPs) in the first year of a three year cycle, and includes IFSPs written from April 1, 2014 through June 30, 2014, for the 14 EIPs participating in the first year of the monitoring cycle through Self-Reporting data.	100%	76%
8	Transition	IFSPs with transition steps and services;	Data reported includes State Monitoring data for Early Intervention Programs (EIPs) in the first year of a three year cycle, and includes children transitioning from April 1, 2014 through June 30, 2014, for 14 EIPs participating in the first year of the monitoring cycle through Self-Reporting data.	100%	57%
		Notification to LEA, if child potentially eligible for Part B; and	Data reported includes State Monitoring data for Early Intervention Programs (EIPs) in the first year of a three year cycle, and includes children transitioning from April 1, 2014	100%	70%

#	Indicator Name	Indicator Description	Source of Data and Timeframe	FFY 2013 Target	FFY 13 State Rate
			through June 30, 2014, for 14 EIPs participating in the first year of the monitoring cycle through Self-Reporting data.		
		Transition conference, if child potentially eligible for Part B.	Data reported includes State Monitoring data for Early Intervention Programs (EIPs) in the first year of a three year cycle, and includes children transitioning from April 1, 2014 through June 30, 2014, for 14 EIPs participating in the first year of the monitoring cycle through Self-Reporting.	100%	70%
9	Resolution Sessions	Not Applicable	Not Applicable	N/A	N/A
10	Mediations	Hearing requests that went to resolution sessions that were resolved through resolution session settlement agreements	Not Applicable	N/A	N/A
