The Honorable Andy Tobin
Speaker of the House of Representatives
Arizona State House of Representatives
1700 West Washington
Phoenix, Arizona 85007

Dear Speaker Tobin:

Pursuant to Laws 2011, Chapter 24, Section 28, the Department of Economic Security submits its Monthly Financial Status Report for fiscal year 2012 through April:

A monthly report comparing total expenditures for the month and year-to-date as compared to prior year totals shall be forwarded to the president of the senate, the speaker of the house of representatives, the chairpersons of the senate and house of representatives appropriations committees and the director of the joint legislative budget committee by the thirtieth of the following month. The report shall include an estimate of potential shortfalls in entitlement programs and potential federal and other funds, such as the statewide assessment for indirect costs, and any projected surplus in state supported programs that may be available to offset these shortfalls and a plan, if necessary, for eliminating any shortfall without a supplemental appropriation.

The Department understands that while revenue in fiscal year 2012 has grown consistently over the last year, the future of state revenue remains uncertain. The temporary one cent sales tax will expire on May 31, 2013, without which the State's General Fund budget may still be operating under a structural shortfall. As a result of the uncertainty surrounding the future of the state budget, the Department continues to work diligently to do its part to contain expenditures and identify and implement efficiencies.

The Department is maintaining all service reductions implemented in recent years, and as indicated in this report in previous months, the Department has faced budget issues in the current fiscal year. These budget issues have been resolved with one-time, internal solutions. The attached report reflects various transfers of appropriation authority, approved by the Governor's Office of Strategic Planning and Budgeting and subsequently executed, that align appropriation authority with funding needs and that resolve shortfalls in some line items. The Department expects that many of these issues will continue in fiscal year 2013.

One issue the Department has had to address is the loss of the population supplemental for the TANF Block Grant in fiscal year 2012. When TANF was created, supplemental funding in addition to the base block grant was made available to 17 states with rapid population growth. This funding provision expired on June 30, 2011. Arizona's population supplemental in state fiscal year 2011 was about \$21.8 million. While this issue did not affect the Department's budget in fiscal year 2012, the Department anticipates that it will have a structural shortfall in TANF-funded programs in fiscal year 2013 and beyond. The budget for fiscal year 2013 utilizes available fund balances to resolve the shortfall in fiscal year 2013 and Legislative documents indicate that permanent backfill of General Fund for fiscal years 2014 and beyond has been agreed to contingent upon the repeal of federal health care reform.

As mentioned by JLBC in the Baseline Budget book, it was evident early in the fiscal year that there would be a shortfall in the TANF Cash Benefits special line item. The Department resolved the \$11.0 million internally in fiscal year 2012 and anticipates that the shortfall will continue in fiscal year 2013.

Recent months have seen increases in the number of Child Protective Services reports. As of March 2012, the number of reports received year-to-date compared to the same period in fiscal year 2011 shows an increase of 18.5 percent. As a result, the number of children placed in out-of-home care has increased. March 2012 out-of-home placements were 17.0 percent higher than March 2011. There is evidence that this growth has begun to saturate the state's foster care capacity, resulting in particular growth in congregate care placements, which includes more expensive group homes and institution-type settings. As a result of this growth, an \$11.8 million shortfall arose in the CPS Emergency and Residential Placement Special Line Item during fiscal year 2012. The Department has resolved this shortfall internally with one-time resources.

In addition to those mentioned above, shortfalls in Adoption Services (\$7.0 million), Permanent Guardianship (\$2.8 million), and the Child Support Enforcement program (\$3.5 million) have also been resolved internally in fiscal year 2012. The primary sources of appropriation authority for resolving all of the above shortfalls in the current fiscal year are the Home and Community Based Services – State Only Special Line Item and the Children Support Services Special Line Item. Surpluses exist in these programs because the appropriations have never been properly reallocated following the midyear 2009 reductions to reflect actual spending.

In addition to the TANF population supplemental issue, there is further uncertainty at the federal level that may affect the Department and the entire state. The Budget Control Act (BCA) passed by Congress in August 2011 requires Congress to enact measures to reduce the federal budget deficit by \$1.2 trillion over ten years. The Congressional super committee appointed to propose the reductions, has announced its failure to reach an agreement by its appointed date, triggering automatic reductions included in the BCA that will begin in January 2013. The impact of the implementation of even those reductions remains unclear, as they do not specify the funding level for any particular program. Also, many state-administered programs are exempted from the automatically triggered cuts, including Medicaid, Temporary Assistance for Needy Families,

Supplemental Nutrition Assistance, Foster Care, and some Child Care funding. Even though Congress has not enacted reductions to avoid the automatic triggers in the BCA, since the automatic reductions do not take effect until January 2013, it is still possible that Congress could act in the meantime to repeal the automatic reductions and implement other reductions. The nature of any future reductions is, of course, uncertain at this time.

The detailed comparison of total expenditures for the month and year-to-date as compared to prior year totals is attached. If you have any questions, please contact Michael Wisehart, Chief Financial Officer, at (602) 542-3786.

Sincerely,

Clarence H. Carter
Director

Temporary Assistance for Needy Families (TANF):

Laws 1997, Chapter 300, the Welfare Reform bill, created the Employing and Moving People Off Welfare and Encouraging Responsibility (EMPOWER) program. The passage of federal Public Law (P.L.) 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, included the creation of 2 block grants requiring state legislative appropriation. These 2 block grants are the TANF and Child Care Development Fund (CCDF). The TANF Block Grant replaced entitlement programs such as Aid to Families with Dependent Children, Job Opportunities and Basic Skills (JOBS), and Emergency Assistance. The CCDF replaced a series of entitlement-based child care programs and combined them with the former Child Care and Development Block Grant.

Child Care Development Fund (CCDF):

Laws 1997, Chapter 300, the Welfare Reform bill, created the Employing and Moving People Off Welfare and Encouraging Responsibility (EMPOWER) program. The passage of federal Public Law (P.L.) 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, included the creation of 2 block grants requiring state legislative appropriation. These 2 block grants are the Temporary Assistance for Needy Families (TANF) and CCDF Block Grants. The TANF Block Grant replaced entitlement programs such as Aid to Families with Dependent Children, Job Opportunities and Basic Skills (JOBS), and Emergency Assistance. The CCDF replaced a series of entitlement-based child care programs and combined them with the former Child Care and Development Block Grant.

Appropriation of Non-Appropriated Funds:

Laws 1996, Chapter 335 converted several Non-Appropriated Funds to Appropriated status, starting in FY 1998. The Child Abuse Prevention Fund has therefore been appropriated since FY 1998 in CYF. Two other previously Non-Appropriated Funds were converted to Appropriated status in FY 1998: the Child Support Enforcement Administration (CSE) Fund and the Special Administration Fund. Since the Division of Child Support Enforcement was budgeted on a total funds expenditure authority basis in FY 1997, the appropriation of the CSEA Fund does not alter the way it is displayed. The Special Administration Fund was also appropriated by Laws 1996, Chapter 312, and is displayed as a Special Line Item in the ERS budget. The Domestic Violence Shelter Fund was appropriated by Laws 1997, Chapter 210, and is displayed as a Special Line Item in the ACS budget.

Program Description:

The Division of Developmental Disabilities (DD) program provides services to individuals with mental retardation, cerebral palsy, autism, or epilepsy. Clients eligible for federal Title XIX program services are funded through the Long Term Care (LTC) program. Title XIX is an entitlement program in which any individual must have an income below 300% of the Federal Benefit Rate eligibility limit, which is approximately 224% of the Federal Poverty Limit, and have certain functional needs. The division also provides 100% state-funded services for clients who are not eligible for Title XIX Program services. Besides contracting for services, the program: a) operates the Arizona Training Program at Coolidge (ATPC) and smaller state-operated group homes, and b) provides case management services to recipients.
