Child Care Authorized Children	70 - 71
Child Care Priority Wait List Children	72 - 73
DES Contracted Child Care Providers	74 - 75
DES Contracted Child Care Providers with 4 or 5 Quality Star Rating	76 - 77
DES Contracted Child Care Providers with National Accreditation	78 - 79
Open Title IV-D Child Support Cases	80 - 81
Cash Assistance Families	82 - 83
Cash Assistance Children	84 - 85
Medical Assistance Individuals	86 - 87
Nutrition Assistance (SNAP) Households	88 - 89
Nutrition Assistance (SNAP) Families with Children	90 - 91
Nutrition Assistance (SNAP) Children	92 - 93
Developmental Disabilities (DD) Long Term Care Members	94 - 95
Developmental Disabilities (DD) State-Only Members	96 - 97
Developmental Disabilities (DD) Providers	98 - 99
Unemployment Insurance (UI) Claimants	100 - 101
Unemployment Insurance (UI) Employers	102 - 103
Vocational Rehabilitation Clients	104 - 105

Section 3: Demographics Summarized by Legislative District	107
Population, Households, and Families	108
Household English Proficiency	109
Age Groups 0 to 39	110
Age Groups 40 and Older	111
Ethnicity	112
Race	113
Disability Characteristics of Non-Institutionalized Population Age 0-17	114
Disability Characteristics of Non-Institutionalized Population Age 18 and Older	115
Income Level by Household	116
Median Household Income, Poverty, and Employment Status	117
Families with Own Children Under Age 18 Living at Home	118
Population Age 25 and Older with Less than 9th Grade Education	119
Population Age 25 and Older with Some High School Education but No Diploma	120
Population Age 25 and Older with a Diploma, GED, or Equivalent	121
Population Age 25 and Older with Some College Education	122
Population Age 25 and Older with an Associate's Degree	123
Population Age 25 and Older with a Bachelor's Degree	124
Population Age 25 and Older with a Post-Graduate Degree	125
Section 4: State Representatives	127

Methodology

Geography

This handbook provides various Arizona Department of Economic Security (DES) client and provider counts as well as census demographics summarized by Arizona legislative districts.

DES Client and Provider Information

Geographic Information Systems (GIS) software was used to determine the legislative district for each client and provider using the client's residential address, the client's mailing address, or the provider's business address. The client and provider counts generally represent the total activity for state fiscal year 2018 (July 1, 2017 to June 30, 2018) or, where appropriate, as a point-in-time count as of June 30, 2018. The one exception was the Arizona Early Intervention Program (AZEIP), which represent children who were active on October 1, 2017. This was done to align their counts with the annual report AZEIP provides the U.S. Department of Education. For more details about the client and provider datasets, refer to the *Data Sources and Descriptions: DES Client and Provider* section starting on page ii.

Demographic Information

All demographic estimates were collected from the U.S. Census Bureau 2012 to 2016 American Community Survey (ACS) 5-Year Product. The ACS product included estimates derived from surveys collected between January 1, 2012, and December 31, 2016. Since the estimates were based on a small sample size, the US Census published margins of errors to help identify the estimate's reliability. While this book does not provide the margins of error, they are available online through the US Census American FactFinder website (US Census Bureau, n.d.-b). For more details about the census demographic datasets, refer to the *Data Sources and Descriptions: Demographics Data* section starting on page v.

Ranks and Percentages

The reports in Sections 1 through 3 include a legislative district rank field and a percentage field. These values were included to help readers better understand the concentrations of the populations, clients, and providers within each legislative district and compare those concentrations to other districts in the state.

The legislative district rank field compares the census demographic estimates or DES client/provider counts to the other districts in the state. The field ranks each variable on a scale from 1 to 30, where 1 indicates the most populous. For example, of the 30 districts in Arizona, Legislative District 1 had the 6th highest population of residents age 85 and older.

The percentage field for census demographics identifies how much of the district's total population were represented by that demographic variable. The fields are labeled based on what base (e.g. population, households, families) the variable is being compared to. For example, in Legislative District 1, 2.5% of the total population in the district was under the age of 3 and 23.0% of the total families in the district were married with children living at home. In the case of the DES client and provider counts, the percentage field identifies the portion of the total statewide client/provider population that is located within each district.

Data Descriptions and Sources

DES Client and Provider Data

- Adult Protective Services (APS) Reports Received
 - Reports of vulnerable adult mistreatment received by APS during state fiscal year 2018 (July 1, 2017 to June 30, 2018).
 - Source: DES Division of Adult and Aging Services
- Arizona Early Intervention Program (AZEIP) Children
 - Children that had an active Individualized Family Service Plan (IFSP) with AZEIP on October 1, 2017.
 - Source: DES Division of Developmental Disabilities, Arizona Early Intervention Program
- Child Care Authorized Children
 - Total children in families that had the authority to receive child care services on June 30, 2018.
 - To protect client confidentiality, districts with 25 or fewer authorized children were listed as having "1 to 25" children.
 - Source: DES Division of Employment and Rehabilitation Services, Child Care Administration
- Child Care Priority Wait List Children
 - Total children in families that were on the child care subsidy priority wait list on June 30, 2018.
 - To protect client confidentiality, districts with 10 or fewer priority wait list children were listed as having "1 to 10" children.
 - Source: DES Division of Employment and Rehabilitation Services, Child Care Administration

- DES Contracted Child Care Providers
 - Child care group homes and centers that had an active contract with DES on June 30, 2018.
 - Additional maps were included to show the distribution of providers awarded a 4- or 5-star rating from the First Things First Quality First Program as well as providers with accreditation from one of the following national agencies: National Accreditation Commission, National Association for Family Child Care, National Early Childhood Program, National School Age Care Association, or the National Association for Education of Young Children.
 - Source: DES Division of Employment and Rehabilitation Services, Child Care Administration

- Open Title IV-D Child Support Cases
 - Title IV-D child support cases that were open on July 18, 2018.
 - Source: DES Division of Child Support Services

- Cash Assistance Families
 - Families that received cash assistance from the Temporary Assistance for Needy Families (TANF) program in June 2018.
 - To protect client confidentiality, districts with 10 or fewer cash assistance families were listed as having “1 to 10” families.
 - Source: DES Division of Benefits and Medical Eligibility, Family Assistance Administration

- Cash Assistance Children
 - Total number of children that received cash assistance from the Temporary Assistance for Needy Families (TANF) program in June 2018. Counts include individual children from families enrolled in the program as well as TANF child-only cases.
 - Source: DES Division of Benefits and Medical Eligibility, Family Assistance Administration

- Medical Assistance Individuals
 - Individuals who were actively enrolled in the Arizona Health Care Cost Containment System (AHCCCS) on June 30, 2018.
 - Source: DES Division of Benefits and Medical Eligibility, Family Assistance Administration

- Nutrition Assistance Households
 - Households that had at least one person who received assistance from the Supplemental Nutrition Assistance Program (SNAP) in June 2018.
 - Source: DES Division of Benefits and Medical Eligibility, Family Assistance Administration

- Nutrition Assistance Families with Children
 - Families that received assistance from the Supplemental Nutrition Assistance Program (SNAP) in June 2018, and had one or more children.
 - Source: DES Division of Benefits and Medical Eligibility, Family Assistance Administration
- Nutrition Assistance Children
 - Total children from families that received assistance from the Supplemental Nutrition Assistance Program (SNAP) in June 2018.
 - Source: DES Division of Benefits and Medical Eligibility, Family Assistance Administration
- Developmental Disabilities Long Term Care Members
 - Individuals with developmental disabilities who were active in the Arizona Long Term Care System (ALTCS) on June 30, 2018.
 - Source: DES Division of Developmental Disabilities
- Developmental Disabilities State Only Members
 - Individuals with developmental disabilities who were active in the Division of Developmental Disabilities state funded service on June 30, 2018.
 - Source: DES Division of Developmental Disabilities
- Developmental Disabilities Providers
 - Agencies with a qualified vendor agreement or special contract to provide services to individuals with developmental disabilities and were active within the DES Division of Developmental Disabilities provider network on June 30, 2018.
 - Source: DES Division of Developmental Disabilities
- Unemployment Insurance Claimants
 - Individuals who filed a claim for unemployment insurance benefits during any week in June 2018.
 - Source: DES Division of Employment and Rehabilitation Services, Reemployment Assistance Administration
- Unemployment Insurance Employers
 - Employers that had an active account with the Unemployment Insurance Tax Program during the month of June 2018.
 - Source: DES Division of Employment and Rehabilitation Services, Employer Engagement Administration

- Vocational Rehabilitation Clients
 - Individuals who were active in the Vocational Rehabilitation program on June 30, 2018.
 - To protect client confidentiality, districts with 10 or fewer vocational rehabilitation clients were listed as having “1 to 10” clients.
 - Source: DES Division of Employment and Rehabilitation Services, Rehabilitation Services Administration

Demographics Data

All demographic estimates were collected from the U.S. Census Bureau’s 2012 to 2016 American Community Survey (ACS) 5-Year Product.

- Population
 - All people, male and female, child and adult, living in a given geographic area (U.S. Census Bureau, n.d.-a).
 - Collected from ACS table B03002
- Household
 - All people occupying a housing unit (e.g. house, apartment, mobile home). Occupants may be a single householder, one or more related individuals (i.e. families), one or more un-related individuals, or a mix (U.S. Census Bureau, 2016, p. 76).
 - Collected from ACS table B19001
- Family
 - A householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption (U.S. Census Bureau, 2016, p. 79).
 - Collected from ACS table B11003
- Household English Proficiency
 - Households that had at least one person age five years or older who spoke only English or could speak English well compared to households where all members spoke English less than well or not at all (U.S. Census Bureau, 2016, p. 97).
 - Note: Survey respondents self-identified how well they spoke English.
 - Collected from ACS table C16002

- Age Group (Ages 0 to 17)
 - Age classification was based on the age of the person at the time the survey was completed. Survey respondents were asked to round their age down, regardless of how close their next birthday was (U.S. Census Bureau, 2016, p. 49).
 - Estimates did not include children living in group quarters, such as college dormitories, residential treatment centers, and correctional facilities.
 - This affected 2,791, or less than 1%, of the total children living in Arizona.
 - Collected from ACS table B09001

- Age Group (Ages 18 and older)
 - Age classification was based on the age of the person at the time the survey was completed. Survey respondents were asked to round their age down, regardless of how close their next birthday was (U.S. Census Bureau, 2016, p. 49).
 - Collected from ACS table B01001

- Ethnicity
 - Persons who were Hispanic or Latino compared to persons who were not Hispanic or Latino.
 - A person was considered Hispanic or Latino if they identified themselves as being of Hispanic, Latino, or Spanish origin. Note, ethnicity refers to the person’s nationality group, heritage, lineage, or country or birth but not their race. People who identified as being Hispanic or Latino may be of any race (U.S. Census Bureau, 2016, p. 74).
 - Collected from ACS table B03002

- Race
 - Persons who identified themselves as belonging to a racial category (U.S. Census Bureau, 2016, pp. 110-115).
 - Those who identified as being of two or more races or identified as belonging to some other race that was not an available category in the survey were classified in the “Other or Multiple Races” group in this handbook.
 - Collected from ACS table B02001

- Poverty Status
 - Poverty status was determined by comparing a family’s total income (i.e. income received by all related persons in the household) in the last 12 months to the 2016 poverty threshold appropriate for that person’s family size. If two or more families were living in the same housing unit, the poverty status was calculated separately for each family. If the family’s income was less than the poverty threshold, than each person in the family was considered to be living in poverty (U.S. Census Bureau, 2016, p. 107).
 - Collected from ACS table B17001

- Disability Characteristics of Non-Institutionalized Population
 - Estimates include civilian, non-institutionalized individuals who identified themselves as having one or more of the following conditions:
 - Vision: Person was blind or had serious difficulty seeing even while wearing glasses.
 - Hearing: Person was deaf or had serious difficulty hearing.
 - Cognitive: Due to a physical, mental, or emotional condition, the person had serious difficulty concentrating, remembering, or making decisions.
 - Ambulatory: Person had serious difficulty walking or climbing stairs (U.S. Census Bureau, 2016, pp. 59-61).
 - The civilian, noninstitutionalized population included persons who were living in households or civilian non-institutional group quarters, which included, but were not limited to, group homes for the developmentally disabled, homeless shelters, and college dormitories.
 - The estimates did not include military personnel or persons living in institutional group quarters, such as correctional facilities, nursing homes, or hospitals (Brault, 2008, p. 1).
 - Collected from ACS table S1810

- Income Level by Household
 - Estimate includes the average income collected during the 12 months prior to the survey by the householder and all other individuals age 15 years or older living in the household, whether they were related to the householder or not. Income was adjusted for inflation to 2016 dollars before the estimate was calculated (U.S. Census Bureau, 2016, pp. 84-87).
 - Collected from ACS table B19001

- Median Income
 - The middle-income value where half of the households in the area make more than the value and half make less. Income was adjusted for inflation to 2016 dollars (U.S. Census Bureau, 2016, pp. 85-87).
 - Collected from ACS table B19013

- Population in Civilian Labor Force
 - Persons age 16 and older who were a part of the civilian labor force, whether employed or unemployed but had actively looked for work during the 4 weeks prior to completing the survey.
 - The estimates did not include people in the U.S. Armed Forces, those employed in unpaid positions (e.g. volunteers), or those who were not participating in the labor force (e.g. students, homemakers, or retirees) (U.S. Census Bureau, 2016, pp. 64-66).
 - Collected from ACS table B23025
- Families with Own Children Under Age 18
 - A married or single householder who had at least one child under the age of 18 still living at home. Children were related to the householder either by birth, marriage, or adoption (U.S. Census Bureau, 2016, pp. 78-79).
 - Collected from ACS table B11003
- Educational Attainment
 - The highest degree or highest level of school completed by individuals age 25 or older (U.S. Census Bureau, 2016, p. 62).
 - Collected from ACS table B15002

Map Features

- DES Office Locations
 - Source/Owner: Arizona Department of Economic Security
 - Owner Publication Date: July 1, 2018
 - Section 1 includes maps that identify office locations and the DES services offered at each location. Page 1 summarizes DES services shown on the maps.
- Arizona Legislative District Boundaries
 - Source/Owner: Arizona Independent Redistricting Commission
 - Owner Publication Date: January 1, 2012
- Population Per Square Mile
 - Section 1 includes heat maps showing the population density in Arizona. The heat signatures were derived using population data collected from the U.S. Census Bureau 2012-2016 American Community Survey 5-year product at the Census block group geographic level. Using GIS software, the data were converted to a heat map representing population density per square mile.

Section 1

Demographic and Department Client/Provider Information By Legislative District

The maps in this section include DES public-facing offices and the services they offer at those locations. Services can be identified using the acronyms shown in Table 1.

Table 1: Division acronyms used in Section 1 maps

Acronym	Description
OOD	Office of the Director
CCA	Child Care Administration
DCSS	Child Support Services
DDD	Division of Developmental Disabilities
DVOP	Disabled Veterans Outreach Program
EA	Employment Administration
FAA	Family Assistance Administration including cash assistance, food assistance, and medical assistance.
UI	Unemployment Insurance
VR	Vocational Rehabilitation Services

Arizona Legislative Districts

Population per Square Mile (PPSM)

Legislative district boundaries adopted by the Arizona Independent Redistricting Commission on January 17, 2012.
