For ANY questions regarding your case or help with your HEAplus User Name or Password, please call 1-855-432-7587.

You can Apply for Benefits or Report Changes at: www.healthearizonaplus.gov

CREATING YOUR...

USER NAME:

When applying for benefits through HEAplus, you will enter in your name, street address, city name, State name, email address, etc.

You will also be asked to “Create your User Name”, and it’s good to create a unique User Name that is easy for you to remember.

While we never recommend writing both your User Name and Password on the same sheet of paper, the bottom of this flyer can be used to write one or the other. Please be sure to read the advice in the note at the bottom of that section.

NOTE: If you're looking for general suggestions about creating a User Name for business interactions, we found the following ideas shared on various websites:

Do not use the exact same User Name on different website accounts.

Remember the User Name represents who you are to others.

Avoid using any personally identifiable information, such as

your first and last name or your birthdate. It's especially important not to use your last name. You could use your seldom-spoken middle name, and spell it backwards.

Do not reveal your age, or your location.

Avoid offending people.

Combine the name of a favorite pet with the name of a place you would enjoy visiting, such as Woofie Grand

Canyon. or consider your interests: If you love a local lake, find out the name of a popular flower that grows there, and base your User Name around it. Example: Pleasant Lake Daisies. Or if you like watching football, use your favorite Team's name with the first name of a current player.

Use a phrase that is meaningful to you: "I love ice cream."

Keep it clean: Do not use inappropriate words.

Use a dash or underscore between some words: (- or _)

PASSWORD:

Your password must be eight or more characters long.

No repeating of characters (*examples: 00 or 22*).

No repeating of character pairs (*examples: oxox or 2424*).

Use at least one number.

Use at least one special character (*such as: !, @, #, \$, (, %,), &, **).

Use a combination of upper and lower case letters (*use at least one upper case letter*).

The password should contain no blank spaces.

IMPORTANT:

If you choose to write your information into the blank

spaces below, keep this information in a safe place.

NOTE: You are solely responsible for the use and proper protection of your User Name and Password, and you shall take precautions to prevent their loss (*including the loss of this flyer if you write your information into the blank spaces*) and/or unauthorized use. You agree to hold harmless the State of Arizona, the Department of Economic Security and AHCCCS from and against any and all claims, losses, liability,

costs and expenses arising from such losses or unauthorized uses.
