**CHILD CARE
MARKET RATE SURVEY
2002**

Conducted by the Maricopa County Office of Research & Reporting

December 2002

**INTRODUCTION
&
METHODOLOGY**

ARIZONA DEPARTMENT OF ECONOMIC SECURITY CHILD CARE MARKET RATE SURVEY

INTRODUCTION:

The Arizona Department of Economic Security (DES) was previously required, as a condition of the Federal Family Support Act of 1988, to determine market rates for child care every two years. The federal regulations for the Family Support Act stated that "...local market rates must be determined: For all political subdivisions or for alternative areas which represent reasonable local child care markets based upon their geographic proximity or common characteristics." Additionally, these rates "must be updated periodically, but no less than biennially."

These regulations further mandated that market rates be determined for different types of care (i.e., center, group home care, family home care, etc.). Furthermore, market rates must also differentiate (where applicable) among care for infants, toddlers, preschool and school age children, whether care is full or part time, and consider reductions in the cost of care for additional children in the same family.

Child care programs that were funded under the Family Support Act included Jobs Opportunity and Basic Skills (JOBS) child care, Aid to Families with Dependent Children (AFDC) related child care, Transitional Child Care (TCC) and Title IV-A At-Risk Child Care. An additional federal child care program, the Child Care and Development Block Grant (CCDBG) was established in 1990 and regulations for this program required many of the same factors to be considered when establishing a payment rate structure for child care benefits provided through the CCDBG.

In 1996 federal welfare reform legislation, the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA), was passed and greatly changed the nature of funding for child care programs that were federally funded. Programs that were authorized and funded under the Family Support Act were repealed. However, PRWORA provided new Federal child care funds and transferred them to an amended CCDBG. The U.S. Department of Health and Human Services (DHHS) named these new combined funds the Child Care and Development Fund (CCDF) to reflect the integration of the multiple funding sources.

INTRODUCTION: (cont'd)

In July of 1998, DHHS issued final regulations (45 CFR Parts 98 and 99) for the CCDF. These regulations continued the requirement for states to conduct a child care market rate survey every two years. States must also show how their current reimbursement rates relate to market rates. The regulations also require this information be determined by a recent market rate survey and be included in a federally mandated CCDF Plan. Arizona's next CCDF Plan will become effective 10/1/2003. Information from this Child Care Market Rate Survey will be included as a component of that Plan.

Arizona's initial child care market rate survey was conducted during October and November, 1989. The second survey took place from December, 1991 through January, 1992, and the third survey was conducted from March through June of 1994. The fourth child care market rate survey was conducted from February through June, 1996. Arizona's fifth child care market rate survey was conducted from September through November, 1998. Arizona's sixth child care market rate survey was conducted February through June 2000. The following report summarizes data that was collected in Arizona's seventh child care market rate survey, which was conducted from March through May 2002.

For any additional information, contact the DES Child Care Administration at (602) 542-4248.

METHODOLOGY:

CCDF regulations require that states develop a State Plan, which is to be submitted to the Secretary of the DHHS. The Plan shall contain a biennial local market rate survey. The preamble to the regulations indicates DHHS believes that surveys will show variations in rates among categories of child care and will also reflect sub-state variations in rates, which States must consider.

DES has designated six such sub-state areas, or districts. Each district represents a county or group of counties. The Department utilizes these districts for planning, service delivery and in conducting its field operations. Each district is an area with unique needs based upon geographic proximity or other common characteristics. They are also similar to those used by the Arizona Council of Governments. The following counties define these districts:

District I - Maricopa

District II - Pima

District III - Apache, Coconino, Navajo, Yavapai

District IV - La Paz, Mohave, Yuma

District V - Gila, Pinal

District VI - Cochise, Graham, Greenlee, Santa Cruz

DES contracted with the Maricopa County Office of Research and Reporting to conduct the survey. The Maricopa County Office of Research and Reporting is an independent credentialed organization with strong survey research skills. They are recognized by the American Association of Public Opinion Researchers and are also a member of the National Field Director's Association, which is a scientific data collection forum with members such as the U.S. Census Bureau, National Institute of Health and many major universities.

Due to the complexity of the survey, to help ensure that the most accurate data was obtained and to attain a high response rate a telephone survey methodology was used. Interviewers read a questionnaire and responses were entered into a computer. This method of surveying allowed for the collection of necessary data as reported by providers and corresponded with the need to gather complex rate information by age categories and by category of care. The Maricopa County Office of Research and Reporting conducted the market rate survey in both English and Spanish.

Consistent with past surveys, all identifiable providers were surveyed rather than selecting a random sample. The basis for this is that a complete census is generally more reliable than a sample; and in some areas of the state, obtaining a sufficiently large and representative sample would be difficult.

METHODOLOGY: (cont'd)

Sources of provider names and telephone numbers which were utilized included: 1) The DES list of certified homes that provide child care services to families eligible for child care assistance; 2) The Department of Health Services' (DHS) list of licensed child day care centers (including "preschools" required to be licensed as child day care centers) and certified child day care group homes; 3) Lists obtained from non-profit sponsors who approve child care homes to participate in the Arizona Department of Education's (ADE) federal Child and Adult Care Food Program (CACFP); and 4) Lists of otherwise unregulated homes registered with the state contracted Child Care Resource & Referral (CCR&R) agencies.

Initially the various lists identified approximately 7300 possible child care providers in the state. Providers that either were listed on duplicate lists, not providing care, not charging for their services, or unable to be interviewed due to invalid and non-existent telephone numbers were eliminated from this total. This resulted in a list of 5126 childcare providers of which 99% were interviewed.

A total of 5,082 child care providers (1,537 licensed centers, 3,121 approved family homes, 249 certified group homes and 175 identifiable unregulated homes) were interviewed for this survey. The survey was conducted between March and May 2002. As with any survey, there is a margin of error due to reasons such as the respondents interpretations of the questions asked and their understanding of the purpose of the survey and resultant usage of the data compiled.

Prior to the start of the survey, all sources that supplied provider information were notified that they could direct any questions that came to them, regarding the survey, to DES. At the onset of each telephone interview, providers were advised that specific individual information would be kept confidential and would not be used for any purpose other than identifying local market information. Individual providers were given a telephone number, which they could use to call the surveyor back if necessary. They were also provided with a telephone number of a DES contact if they had any other questions.

The major findings of the 2002 survey are summarized on the following four pages. Specific details of this survey are found in four sets of tables, which follow the major findings. The first set is for centers, the second for approved family homes, the third for certified group homes and the fourth for unregulated homes listed with a state contracted CCR&R agency. In each set, Tables 1 and 2 address capacity and attendance reported by providers surveyed. Tables 3-6 provide market and market rate information. Tables 7 and 8 provide other related market rate considerations. Market rate information is given as: 1) The 50th percentile (the median) i.e., the rate at which at least 50% of the market is at or below and 2) The 75th percentile i.e., the rate at which at least 75% of the market is at or below.

Percentages cited in the report may not total 100% due to rounding.

MAJOR FINDINGS

MAJOR FINDINGS

Licensed Centers

1,537 centers were surveyed. This was less than a 1% decrease in the number of center providers identified and interviewed compared to the 2000 survey.

Centers reported approval to care for 166,151 children (a 6% increase over the 2000 survey).

Centers reported providing care for 96,695 children on an average day (a 2% decrease over the 2000 survey).

- ◆ The median daily charge for full-time care, for a child under the age of one year, ranged from \$20.00 to \$31.40 across the districts. The statewide median is \$30.00 (a 19% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a one or two year old child, ranged from \$19.00 to \$28.00 across the districts. The statewide median is \$26.00 (a 18% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a three, four or five year old child, ranged from \$17.00 to \$24.00 across the districts. The statewide median is \$23.00 (a 15% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a school age child, ranged from \$16.00 to \$22.00 across the districts. The statewide median is \$21.00 (a 11% increase over the 2000 survey).
- ◆ Of the centers surveyed, 61% reported offering a discount for a second child.
- ◆ Of the centers surveyed:
 - ⇒ 3% reported providing late night care.
 - ⇒ 1% reported providing all night care.
 - ⇒ 4% reported providing weekend care.
 - ⇒ 11% reported providing extended care.

MAJOR FINDINGS

Approved Family Child Care Homes

3121 homes were surveyed. This was a 11% decrease in the number of approved family child care home providers identified and interviewed compared to the 2000 survey.

Homes surveyed reported approval to care for 15,590 children (a 11% decrease over the 2000 survey).

Homes reported providing care for 14,004 children on an average day (a 11% decrease over the 2000 survey).

- ◆ The median home charge for full-time care, for a child under the age of one year, ranged from \$17.00 to \$20.00 across the districts. The statewide median is \$18.60 (a 16% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a one or two year old child, ranged from \$16.00 to \$18.00 across the districts. The statewide median is \$18.00 (a 13% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a three, four or five year old child, ranged from \$16.00 to \$18.00 across the districts. The statewide median is \$17.00 (a 13% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a school age child, ranged from \$15.81 to \$18.00 across the districts. The statewide median is \$16.00 (a 7% increase over the 2000 survey).
- ◆ Of the homes surveyed, 59% reported offering a discount for a second child.
- ◆ Of the homes surveyed:
 - ⇒ 36% reported providing late night care.
 - ⇒ 26% reported providing all night care.
 - ⇒ 42% reported providing weekend care.
 - ⇒ 28% reported providing extended care.

MAJOR FINDINGS

Certified Group Homes

249 certified group homes were surveyed. This was a 9% increase in the number of certified group homes identified and interviewed compared to the 2000 survey.

Group homes surveyed reported approval to care for 3,275 children (a 12% increase over the 2000 survey).

Group homes reported providing care for 2,583 children on an average day (an 7% increase over the 2000 survey).

- ◆ The median daily charge for full-time care, for a child under the age of one year, ranged from \$18.00 to \$22.00 across the districts. The statewide median is \$20.00 (a 5% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a one or two year old child, ranged from \$18.00 to \$21.00 across the districts. The statewide median is \$20.00 (a 11% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a three, four or five year old child, ranged from \$18.00 to \$20.00 across the districts. The statewide median is \$19.00 (a 6% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a school age child, ranged from \$16.50 to \$20.00 across the districts. The statewide median is \$18.00 (a 6% increase over the 2000 survey).
- ◆ Of the group homes surveyed, 47% reported offering a discount for a second child.
- ◆ Of the group homes surveyed:
 - ⇒ 39% reported providing late night care.
 - ⇒ 35% reported providing all night care.
 - ⇒ 28% reported providing weekend care.
 - ⇒ 33% reported providing extended care.

MAJOR FINDINGS

Unregulated Homes listed with a Child Care Resource & Referral (CCR&R) agency

175 unregulated CCR&R homes were surveyed. This was an 75% decrease in the number of unregulated homes identified and interviewed compared to the 2000 survey.

NOTE: The decrease in unregulated homes is related to passage of legislation (Senate Bill 2185), which became effective April 1, 2002. SB 2185 established new requirements for providers who voluntarily choose to be registered in the Child Care Resource & Referral (CCR&R) Registry and who care for 4 or fewer children. Some of the main requirements include: Registered providers must now clear a Child Protective Services (CPS) background check; obtain a Fingerprint Clearance Card; and maintain training and certification in first aid and infant/child cardiopulmonary resuscitation (CPR). Providers who do not or cannot meet all the requirements are excluded or removed from the Registry.

Unregulated CCR&R homes surveyed reported being able to care for 754 children (an 74% decrease over the 2000 survey).

Unregulated CCR&R homes reported providing care for 610 children on an average day (a 74% decrease over the 2000 survey).

- ◆ The median daily charge for full-time care, for a child under the age of one year, ranged from \$16.00 to \$23.00 across the districts. The statewide median is \$22.00 (an 10% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a one or two year old child, ranged from \$16.00 to \$22.00 across the districts. The statewide median is \$20.00 (a 11% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a three, four or five year old child, ranged from \$16.00 to \$20.00 across the districts. The statewide median is \$20.00 (a 18% increase over the 2000 survey).
- ◆ The median daily charge for full-time care, for a school age child, ranged from \$18.00 to \$20.00 across the districts. The statewide median is \$20.00 (a 25% increase over the 2000 survey).
- ◆ Of the unregulated R&R homes surveyed, 72% reported offering a discount for a second child.
- ◆ Of the unregulated R&R homes surveyed:
 - ⇒ 25% reported providing late night care.
 - ⇒ 23% reported providing all night care.
 - ⇒ 21% reported providing weekend care.
 - ⇒ 29% reported providing extended care.

"Yes" means center provides full-time child care for the specified age group.
"Age No" means the center does provide this care but not for this age group.
"No" means no full-time child care provided.

ALL NIGHT CARE	Same Fee	26	17%	3	20%							29	17%
	Extra	7	5%	1	7%	2	50%					10	6%
	No	121	79%	11	73%	2	50%	1	100%	1	100%	136	78%
WEEKEND CARE	Same Fee	22	14%	2	13%	2	50%					26	15%
	Extra	8	5%	2	13%							10	6%
	No	124	81%	11	73%	2	50%	1	100%	1	100%	139	79%
EXTENDED CARE	Same Fee	22	14%	2	13%	1	25%					25	14%
	Extra	21	14%	5	33%	1	25%					27	15%
	No	111	72%	8	53%	2	50%	1	100%	1	100%	123	70%
TOTAL		154	100%	15	100%	4	100%	1	100%	1	100%	175	100%

Late night care includes the hours between 6:30pm and midnight. All night care includes the hours between midnight and 6am. Weekend care refers to regular care on Saturdays and/or Sundays. Extended care refers to care for more than 12 hours in a day.

"Same Fee" means no additional charge, "Extra" means there is an additional charge, and "No" means that the care is not made available.

TABLE 8: UNREGULATED HOMES

*Arizona Department of Economic Security
Child Care Administration*

The mission of the Child Care Administration is to support the well being and economic independence of Arizona families by providing child care assistance and developing child care services

Equal Opportunity Employer Program

Under the Americans with Disabilities Act (ADA), the Department must make a reasonable accommodation to allow a person with a disability to take part in a program, service, or activity. For example, this means that if necessary, the Department must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that the Department will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that your will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. This document is available in alternative formats by contacting (602) 542-4248.
