

DEPARTMENT OF ECONOMIC SECURITY

*Your Partner For A Stronger Arizona*

Janice K. Brewer  
Governor

Clarence H. Carter  
Director

DEC 07 2012

The Honorable Andy Tobin  
Speaker of the House of Representatives  
Arizona State House of Representatives  
1700 West Washington  
Phoenix, Arizona 85007

Dear Speaker Tobin:

Pursuant to Laws 2012, Chapter 294, Section 28, the Department of Economic Security submits its Monthly Financial Status Report for fiscal year 2013 through October:

A monthly report comparing total expenditures for the month and year-to-date as compared to prior year totals shall be forwarded to the president of the senate, the speaker of the house of representatives, the chairpersons of the senate and house of representatives appropriations committees and the director of the joint legislative budget committee by the thirtieth of the following month. The report shall include an estimate of potential shortfalls in entitlement programs and potential federal and other funds, such as the statewide assessment for indirect costs, and any projected surplus in state supported programs that may be available to offset these shortfalls and a plan, if necessary, for eliminating any shortfall without a supplemental appropriation.

While State revenues grew consistently during fiscal year 2012, the Department continues to recognize the on-going uncertainty regarding the State budget. The temporary one cent sales tax will expire on May 31, 2013, without which the State's General Fund budget may still be operating under a structural shortfall. The provisions of the Affordable Care Act in some cases will require substantial changes to the business of state government in the coming years, and the Department is playing a role in helping to understand those impacts and their costs. The Department continues to work diligently to do its part to contain expenditures and identify and implement efficiencies.

As fiscal year 2013 begins, the Department is maintaining all service reductions implemented in recent years. The Department still faces internal budget issues, however. For example, within the last year the Department has seen significant growth in the number of Child Protective Services reports. In fiscal year 2012, the number of reports received increased by 17 percent. The trend is continuing in fiscal year 2013, with the number of reports through September 9.3 percent higher

than at the same time in the prior year. As a result, the number of children placed in out-of-home care has increased. September 2012 out-of-home placements were 15.2 percent higher than September 2011. There is evidence that this growth has begun to saturate the state's foster care capacity, resulting in particular growth in congregate care placements, which includes more expensive group homes and institution-type settings. Maintaining current trends, the CPS Emergency and Residential Placement Special Line Item is potentially facing a \$27.1 million shortfall in fiscal year 2013. The Department is exploring its options to resolve this and any other shortfalls internally with one-time resources for fiscal year 2013.

In order to mitigate cost growth and improve outcomes in child welfare, the Department is engaged in many strategies. For example, the Department is attempting to recruit additional foster families by using demographic data on current foster families to analyze foster care recruitment success by market segment. This analysis has identified the market segments with individuals and families most likely to become foster parents, allowing the Department and foster care agencies to target their outreach efforts. Geographic Information Systems software is being used to combine foster home capacity data with child removal data to create maps illustrating where the need for foster homes is greatest. Additionally, the Department has dramatically expanded its partnership with faith and community-based groups to recruit foster families. This has resulted in outreach events sponsored by the Republic Media Group's *A Season for Sharing*, the Arizona Diamondbacks, the Rotary Club, and nearly two dozen churches and faith-based organizations across the state. To assist their efforts, the Department has engaged a private marketing company that has volunteered, on a pro bono basis, to develop recruiting materials for use by community-based groups.

The efforts described previously to expand and improve foster care capacity will help to slow the trend of growth in Emergency and Residential Placements. Beyond those efforts directly targeted at retaining existing foster homes and recruiting new ones, the Department is engaged in various process improvements that will increase the Department's ability to utilize existing homes. The Department is currently working to amend placement rates for existing foster homes where necessary. For example, the Department is in the process of establishing foster care receiving homes. Receiving homes are foster homes available at all hours and specifically trained and oriented to provide short-term placements for children while a long-term solution is found if reunification is not immediately possible. Receiving home rates will be similar to the current family foster care rates. These homes are anticipated to help stem the tide of growth in more expensive congregate care placements, though overall growth in these placements is expected to continue through fiscal years 2013 and 2014.

Finally, the Department's analysis of congregate care placements has found that children over ten years of age are ten times more likely to be placed in congregate care than children under ten. As a result, the Department is implementing a revised rate structure to provide additional financial resources to foster families in order to address the more intensive needs that teen children in the foster care system often have. This enhanced rate is still significantly less than the cost of placing teen children in congregate care settings.

In addition to the rapid growth in CPS, the Department has seen similar growth in the Adult Protective Services (APS) program. The number of reports of abuse, neglect, and exploitation to APS increased by 28 percent in fiscal year 2012. While this rapid rate of growth is not likely to continue, the Department anticipates that the number of reports to APS will continue to grow, and through the first three months of fiscal year 2013, reports are 14 percent above the same time in the prior fiscal year. For both CPS and APS, current staffing resources are not sufficient to operate the programs effectively and in the best interest of vulnerable children, adults, and families.

Further uncertainty at the federal level relating to the Budget Control Act (BCA) may affect the Department and the entire state. The BCA passed in August 2011 requires Congress to enact measures to reduce the federal budget deficit by \$1.2 trillion over ten years. The Congressional super committee appointed to propose the reductions failed to reach an agreement by its appointed date, triggering automatic reductions that will begin in January 2013. The impact of the implementation of those reductions remains unclear, as they do not specify the funding level for any particular program and Congress could still enact a different reduction plan and suspend the reductions included in the BCA. Many state-administered programs are exempted from the automatically triggered cuts, including Medicaid, Temporary Assistance for Needy Families, Supplemental Nutrition Assistance, Foster Care, and some Child Care funding. The precise nature of any reductions is, of course, uncertain at this time.

The detailed comparison of total expenditures for the month and year-to-date as compared to prior year totals is attached. If you have any questions, please contact Michael Wisheart, Chief Financial Officer, at (602) 542-3786.

Sincerely,

Clarence H. Carter  
Director

**Temporary Assistance for Needy Families (TANF):**

Laws 1997, Chapter 300, the Welfare Reform bill, created the Employing and Moving People Off Welfare and Encouraging Responsibility (EMPOWER) program. The passage of federal Public Law (P.L.) 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, included the creation of 2 block grants requiring state legislative appropriation. These 2 block grants are the TANF and Child Care Development Fund (CCDF). The TANF Block Grant replaced entitlement programs such as Aid to Families with Dependent Children, Job Opportunities and Basic Skills (JOBS), and Emergency Assistance. The CCDF replaced a series of entitlement-based child care programs and combined them with the former Child Care and Development Block Grant.

**Appropriation of Non-Appropriated Funds:**

Laws 1996, Chapter 335 converted several Non-Appropriated Funds to Appropriated status, starting in FY 1998. The Child Abuse Prevention Fund has therefore been appropriated since FY 1998 in CYF. Two other previously Non-Appropriated Funds were converted to Appropriated status in FY 1998: the Child Support Enforcement Administration (CSE) Fund and the Special Administration Fund. Since the Division of Child Support Enforcement was budgeted on a total funds expenditure authority basis in FY 1997, the appropriation of the CSEA Fund does not alter the way it is displayed. The Special Administration Fund was also appropriated by Laws 1996, Chapter 312, and is displayed as a Special Line Item in the ERS budget. The Domestic Violence Shelter Fund was appropriated by Laws 1997, Chapter 210, and is displayed as a Special Line Item in the ACS budget.

**Agency Description:**

DES combines all of Arizona's human service programs within a single agency. This broad range of services is delivered through a network of 64 programs, by 9,545 employees, working in more than 157 offices statewide. The services range from financial support, to child and adult protection, to community assistance. Each month, DES services are sought by more than 1 million Arizona children and families; elderly; persons needing assistance with employment, training and income; and individuals with developmental and other disabilities.

**Program Description:**

The Division of Developmental Disabilities (DD) program provides services to individuals with mental retardation, cerebral palsy, autism, or epilepsy. Clients eligible for federal Title XIX program services are funded through the Long Term Care (LTC) program. Title XIX is an entitlement program in which any individual must have an income below 300% of the Federal Benefit Rate eligibility limit, which is approximately 224% of the Federal Poverty Limit, and have certain functional needs. The division also provides 100% state-funded services for clients who are not eligible for Title XIX Program services. Besides contracting for services, the program: a) operates the Arizona Training Program at Coolidge (ATPC) and smaller state-operated group homes, and b) provides case management services to recipients.

**Program Description:**

This Division of Employment and Rehabilitation Services provides rehabilitative services to individuals with disabilities; job training opportunities to economically disadvantaged adults and youth; child care subsidy programs; and employability services to Temporary Assistance for Needy Families (TANF) recipients through the Job Opportunity and Basic Skills Training (JOBS) program. Several 100% federally funded programs are located in this division, such as the Unemployment Insurance benefit program and the new Workforce Investment Act programs; replacing the old Job Training Partnership Act (JTPA) program.

**Program Description:**

The Division of Aging and Adult Services includes the Governor's Advisory Council on Aging (GACA). It also provides alternatives to institutional care for the elderly and physically disabled through a range of non-medical home and community-based services. It includes statewide programs of advocacy, social services, nutrition services, program development services, adult protective services, nursing home ombudsman services, volunteer services, and employment opportunities.

The program also provides for an array of services primarily through contracts with community-based organizations, in the following programmatic areas: food and nutritional assistance to persons and families in hunger-related crises; a variety of services for homeless persons and families; emergency services networks; refugee resettlement, including medical assistance; domestic violence victim assistance; and utility assistance.

**Program Description:**

The Division of Child Support Enforcement program provides intake services, locates absent parents, assists in establishing paternity, establishes the legal obligation for, and the amount of, child support payments, and evaluates the absent parent's ability to pay. The program also collects, enforces, investigates and works with the courts to review and adjust child support orders.

**Arizona Health Care Cost Containment System (AHCCCS):**

Through an intergovernmental agreement with Arizona Health Care Cost Containment System (AHCCCS), the Department of Economic Security performs eligibility determinations for the AHCCCS Acute Care Program, disability entitlement for the Arizona Long-Term Care System and the Federal Emergency Services program, and screens all individuals with developmental disabilities before they enter the Long-Term Care program to determine the appropriate level and types of specialized services needed. The Department also determines AHCCCS eligibility in the federal SOBRA program for pregnant women and children and other Medical Assistance Only (MAO) programs.
