

## AGE IS **NOT** A BARRIER!

Sharon lives in a small town in Arizona and is 82 years young, determined and active! After receiving workforce training as a participant in **Arizona's Senior Community Service Employment Program (SCSEP)**, Sharon was encouraged to apply for an unsubsidized job opportunity that fit her newly acquired skills. Out of numerous qualified interviewees, Sharon made it to the top three candidates and was eventually offered a position at the Community Library. Age was not a barrier for Sharon to obtain a job that she loves and she is proof that **SCSEP** works!
