Methodology

Geography

This handbook provides various census demographics and Arizona Department of Economic Security (DES) client and provider counts summarized by the legislative district boundaries approved by the Arizona Independent Redistricting Commission in 2012.

DES Client and Provider Information

Geographic Information Systems (GIS) software was used to determine the legislative district for each client and provider using the client's residential address or the provider's business address. In cases where the client's residential address was unavailable, the client's mailing address was used. Client and provider counts are a representation of those who were active during state fiscal year 2014 (July 1, 2013 to June 30, 2014). For client and provider counts that are best represented as a point-in-time snapshot, the data represent counts as of June 30, 2014. For more details about the client and provider datasets, refer to the *Data Sources and Descriptions* section starting on page iii.

Demographic Information

All demographic estimates were collected from the United States Census Bureau 2009 to 2013 American Community Survey (ACS) 5-Year Product. The ACS product included estimates derived from surveys collected between January 1, 2009, and December 31, 2013. Since the estimates were based on a small sample size (8% of the total households that existed in Arizona during that time period), the US Census published margins of error with each estimate to help identify the estimate's reliability (US Census 2014a). While this book does not provide the margins of error, they are available online through the US Census American FactFinder website (US Census 2014b). For more details about the census demographic datasets, refer to the *Data Sources and Descriptions* section starting on page iii.

Demographic and Department Client/Provider Reports

The reports in Sections 1 through 3 include a district rank field and a percentage field. These values were included to help readers better understand the concentrations of the populations, clients, and providers within each legislative district and compare those concentrations to other districts in the state.

The district rank field compares the census demographic estimates or DES client/provider counts to the other districts in the state. The field ranks each variable on a scale from 1 to 30, where 1 indicates the most populous. For example, of the 30 districts in Arizona, District 1 has the 7th highest population of residents age 85 and older. The only exception is, due to the very low count of DES Volunteers in the state, that field was ranked on a scale of 1 to 10.

The percentage field for census demographics identify how much of the district's total population are represented by that demographic variable. The fields are labeled based on what base (e.g. population, households, families) the variable is being compared to. For example, in District 1, 3.2% of the total population in the district was under the age of 3 and 25.0% of the total families in the district were married with children living at home. In the case of the DES client and provider counts, the percentage field identifies the portion of the total statewide client/provider population that is located within each district.

Data Sources and Descriptions

Arizona Department of Economic Security (DES) Client and Provider Datasets

- DES Volunteers
 - Individuals who were active in the DES Volunteer Engagement Center for all or part of state fiscal year 2014 (July 1, 2013 to June 30, 2014) and were assigned to a specific DES division or program. The legislative districts for the volunteers were determined based on the office address the volunteer was assigned to.
 - Note: Individuals who volunteered for a one-day event were not included in this handbook. This included the 86 individuals who volunteered for one or more of Children’s Heart Gallery events that occurred during state fiscal year 2014 and the 1,494 individuals who volunteered for the Phoenix HopeFest event that occurred on April 5, 2014.

- DDD Long Term Care (LTC) Clients
 - Individuals with developmental disabilities who were active in the Arizona Long Term Care System (ALTCS) on June 30, 2014.
 - Source: Division of Developmental Disabilities
- DDD State Only Clients
 - Individuals with developmental disabilities who were active in the Division of Developmental Disabilities state-funded (Non-ALTCS) service on June 30, 2014.
 - Source: Division of Developmental Disabilities

- DDD Providers
 - Independent and qualified vendor agencies that provided developmental disability services and were active within the Division of Developmental Disabilities provider network on June 30, 2014.
 - Source: Division of Developmental Disabilities
- Cash Assistance Families
 - Families who were active in the Temporary Assistance for Needy Families (TANF) Cash Assistance program on July 11, 2014.
 - Source: Family Assistance Administration
- Nutrition Assistance Households
 - Households that had at least 1 person active in the Supplemental Nutrition Assistance Program (SNAP) on July 11, 2014.
 - Source: Family Assistance Administration
- Medical Assistance Households
 - Households that had at least 1 person actively enrolled in the Arizona Health Care Cost Containment System (AHCCCS) Health Insurance program on July 11, 2014.
 - Source: Family Assistance Administration
- Unemployment Insurance (UI) Claimants
 - Individuals living in Arizona who filed for a benefit with the Arizona Unemployment Insurance Administration during the month of June 2014.
 - Source: Unemployment Insurance Administration
- Unemployment Insurance (UI) Employers
 - Employers located in Arizona who had an active employer account with the State of Arizona UI Tax Section during the month of June 2014.

Demographics

All demographic estimates were collected from the United States Census Bureau 2009 to 2013 American Community Survey (ACS) 5-Year Product.

- Population
 - All people, male and female, child and adult, living in a given geographic area (US Census 2014c).
 - ACS table B03002
- Household
 - All people occupying a housing unit (e.g. house, apartment, mobile home). Occupants may be related (i.e. families), un-related, or a mix (US Census 2012, p. 72).
 - ACS table B19001

- Family
 - Consists of a householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption (US Census 2012, p. 75).
 - ACS table B11003

- Household English Proficiency
 - Households that had at least 1 person age 14 years or older who spoke only English or could speak English “very well” compared to households where all members spoke English less than “very well” or not at all (US Census 2012, p. 93).
 - Survey respondents self-identified how well they spoke English.
 - ACS table B16002

- Age Group (Ages 0 to 17)
 - Age classification was based on the age of the person at the time the survey was completed. Survey respondents were asked to round their age down, regardless of how close their next birthday was (US Census 2012, p. 45).
 - This estimate does not include children age birth to 17 who were living in group quarters. Group quarters are places where people live in a group living arrangement that is owned or managed by an entity or organization. Examples include college dormitories, residential treatment centers, and correctional facilities (US Census 2010, p. B-14).
 - This affected 3,533 children statewide, which accounted for less than 1% of the total children living in Arizona.
 - ACS table B09001

- Age Group (Ages 18 and older)
 - Age classification was based on the age of the person at the time the survey was completed. Survey respondents were asked to round their age down, regardless of how close their next birthday was (US Census 2012, p. 45).
 - ACS table B01001

- Ethnicity
 - Estimates include persons who were Hispanic or Latino compared to persons who were not Hispanic or Latino.
 - A person was considered Hispanic or Latino if they identified themselves as being of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin (US Census 2012, p. 70).
 - Ethnicity was independent of the person’s race. People who identified as being Hispanic or Latino could be of any race (US Census 2012, p. 71).
 - ACS table B03002

- Race
 - Estimates include persons who identified themselves as belonging to a specific race group. Persons who identified as being of two or more races were classified in the “Other or Multiple Races” group (US Census 2012, p. 105).
 - ACS table B02001

- Disability Characteristics of Non-Institutionalized Population
 - Estimates include civilian, non-institutionalized individuals who identified themselves as having one or more of the following conditions (US Census 2012, p. 55):
 - Vision: Person was blind or had serious difficulty seeing, even while wearing glasses.
 - Hearing: Person was deaf or had serious difficulty hearing.
 - Cognitive: Due to a physical, mental, or emotional problem, the person had serious difficulty concentrating, remembering, or making decisions.
 - Ambulatory: Person had serious difficulty walking or climbing stairs.
 - The list above is not a complete list of the types of disabilities tracked by the US Census. Additional disability information can be found in Table S1810 in the 2009-2013 American Community Survey 5-Year product.
 - The civilian, non-institutionalized population included persons who were living in households or non-institutional group quarters, which are facilities that house those who are eligible, able, or likely to participate in the labor force. Examples include college dormitories, emergency or transitional shelters, or similar living arrangements (US Census 2010, p. B-16).
 - The estimates do not include military personnel or persons living in institutionalized group quarters, which are facilities that house those who are ineligible, unable, or unlikely to participate in the labor force. Examples include adult or juvenile correctional facilities, nursing or skilled nursing facilities, mental or psychiatric hospitals, in-patient hospice facilities, and other institutional facilities (US Census 2010, p. B-14).
 - ACS table S1810
- Income Level by Household
 - Estimates include the sum of all income received by all occupants of the household (related or not) during the 12 month period prior to completing the survey. Income was adjusted for inflation to 2013 dollars (US Census 2012, p. 77).
 - ACS table B19001
- Median Income
 - The middle income value where half of the households in the legislative district make more than the value and half make less. Income was adjusted for inflation to 2013 dollars (US Census 2012, p. 80).
 - ACS table B19013
- Poverty Status
 - Poverty status was determined by comparing a person's total family income (i.e. income received by all related persons in the household) in the last 12 months to the 2013 poverty threshold appropriate for that person's family size (US Census 2012, p. 102).
 - If two or more families were living in the same housing unit, the poverty status was calculated separately for each family.
 - Children are defined as individuals age birth to 17. Adults are defined as individuals age 18 and older.
 - ACS table B17001

- Population in Civilian Labor Force
 - Estimates identify the employment status for members of the civilian labor force, which included people age 16 or older who were not students, homemakers, retirees, seasonal workers, institutionalized persons, or members of the armed services (US Census 2012, p. 61).
 - ACS table B23025

- Families with Own Children Under Age 18
 - A married or single householder who had at least one child under the age of 18 still living at home. Children were related to the householder either by birth, marriage, or adoption (US Census 2012, p. 73).
 - ACS table B11003

- Educational Attainment
 - The highest level of education received by individuals age 25 or older (US Census 2012, p. 58).
 - ACS table B15002

Map Reference Features

- Legislative District Boundaries
 - Districts adopted by the Arizona Independent Redistricting Commission on January 17, 2012, and used during the 2012 and 2014 Arizona elections.

Section 1

Demographic and Department Client/Provider Information By Legislative District

The maps in this section include DES office locations and the divisions or administrations that offer services at those locations. Divisions and administrations can be identified using the codes shown in Table 1.

Table 1: Division/Administration Codes used in Section 1 maps

Code	DES Division or Administration
CCA	Child Care Administration
DAAS	Division of Adult and Aging Services
DCSS	Division of Child Support Services
DDD	Division of Developmental Disabilities
EA	Employment Administration
FAA	Family Assistance Administration
FAA Self-Service Kiosk	Location is not a DES office but has a self-service kiosk allowing individuals to access FAA services.
OOD	Office of the DES Director
RSA	Rehabilitation Services Administration
UI	Unemployment Insurance Administration

Arizona Legislative Districts

Legislative district boundaries adopted by the Arizona Independent Redistricting Commission on January 17, 2012, and used during the 2012 and 2014 Arizona elections.

Section 2
Department Clients and Providers
Summarized By Legislative District

DES Volunteers Shown with Legislative Districts

● Volunteers
(1 dot = 2 volunteers)*

*Note: Dots were randomly placed within census tract areas and do not represent exact locations.

The distribution of DES volunteers was based on individuals who were active in the DES Volunteer Engagement Center for all or part of state fiscal year 2014 (July 1, 2013 to June 30, 2014) and were assigned to a specific DES division or program. The districts for the volunteers were determined based on the office address the volunteer was assigned to.

Section 4
State Representatives
By Legislative District

Arizona 52nd Legislature

District	Legislator
1	Senator Steve Pierce
	Representative Noel Campbell
	Representative Karen Fann
2	Senator Andrea Dalessandro
	Representative John Ackerley
	Representative Rosanna Gabaldón
3	Senator Olivia Cajero Bedford
	Representative Macario Saldade
	Representative Sally Ann Gonzales
4	Senator Lynne Pancrazi
	Representative Lisa Otondo
	Representative Charlene Fernandez
5	Senator Kelli Ward
	Representative Regina Cobb
	Representative Sonny Borrelli
6	Senator Sylvia Tenney Allen
	Representative Bob Thorpe
	Representative Brenda Barton
7	Senator Carlyle W. Begay
	Representative Albert Hale
	Representative Jennifer D. Benally
8	Senator Barbara McGuire
	Representative T.J. Shope
	Representative Frank Pratt
9	Senator Steve Farley
	Representative Victoria Steele
	Representative Randy Friese
10	Senator David Bradley
	Representative Bruce Wheeler
	Representative Stefanie Mach

District	Legislator
11	Senator Steve Smith
	Representative Mark Finchem
	Representative Vince Leach
12	Senator Andy Biggs
	Representative Eddie Farnsworth
	Representative Warren Petersen
13	Senator Don Shooter
	Representative Darin Mitchell
	Representative Steve Montenegro
14	Senator Gail Griffin
	Representative David Stevens
	Representative David Gowan
15	Senator Nancy Barto
	Representative John Allen
	Representative Heather Carter
16	Senator David Christian Farnsworth
	Representative Doug Coleman
	Representative Kelly Townsend
17	Senator Steve Yarbrough
	Representative J.D. Mesnard
	Representative Jeff Weninger
18	Senator Jeff Dial
	Representative Bob Robson
	Representative Jill Norgaard
19	Senator Lupe Chavira Contreras
	Representative Mark Cardenas
	Representative Diego Espinoza
20	Senator Kimberly Yee
	Representative Anthony Kern
	Representative Paul Boyer

District	Legislator
21	Senator Debbie Lesko
	Representative Tony Rivero
	Representative Rick Gray
22	Senator Judy Burges
	Representative David Livingston
