

PLAY TIME WITH DAD

All dads welcome! New dads, adoptive dads, granddads... or any male caregiver of children ages 1-5.

Come enjoy play time with your child!

Preschoolers with actively involved fathers have stronger verbal skills.

Children who have high father involvement demonstrate an increase in curiosity and problem solving capacity.

When fathers are involved with their children's lives, especially their education, their children learn more, perform better in school and exhibit healthier behavior.

10:00 to 11:30 a.m.

The 3rd Saturday of every other month starting November 2014
(Jan., March, May, July, Sept., & Nov.)
