Phoenix, AZ 85007

Arizona Department of Economic Security, Division of Developmental Disabilities

TEMPORARY INCENTIVE RATE BOOK

Introduction

Purpose of This Schedule

In response to COVID-19, the Division of Developmental Disabilities (DDD or Division) has developed a complement of temporary provider payment strategies to ensure the safety and care of DDD members and Direct Care Workers, and the continued viability of DDD Qualified Vendors most directly impacted during the pandemic.

Effective from January 1, 2021, to March 31, 2021 the Division is providing additional funding by temporarily adjusting rates for select services through an alternative payment model. The temporary incentive rate increases address a concern related to retention of direct care worker staff (including Attendant Care, Habilitation, Group Homes, Independent Living Arrangements and Respite) during this pandemic situation.

The rate adjustments are intended to assist Qualified Vendors in retaining and recruiting direct care staff. In order to receive the incentives, Qualified Vendors must agree to distribute at least 70% of the incentive adjustment amount to the direct care staff in the form of a temporary increase in salary, wages, stipends, and related ERE costs. ERE is allowable for items where expenses are a percentage of wages paid and not a flat amount. Examples of allowable ERE (incremental amount only) include 401k Employer Match, Employer FICA (Social Security and Medicare) and Workers Compensation.

The incentive adjustment amount is the incremental change between the January 1, 2021, rates and these temporary rates. The total hourly increase is \$3.22 at 70%, \$2.25 must be paid out to direct care staff. The Division reserves the right to request documentation from each qualified vendor to verify the use of the incentive adjustment.

The Division is not mandating that all direct care staff within each agency receive an increase. Each vendor has flexibility with salaries, wages, and stipends. Allowable expenses for the 70% revenue funds include, but are not limited to, salary adjustments, stipends, incentives, and related payroll and benefit costs related to the increase. Allowable expenses for the 70% revenue funds do not include administrative costs to implement, direct care staff overtime, supervisor increases, and PPE. These expenses are covered in the 30% revenue funds.

Points of Clarification:

Overtime would only be allowed as part of the 70% threshold if the base hourly rate for direct workers increased and would only be the incremental cost related to the base hourly rate adjustment. Overtime would not be allowed as part of the 70% calculation, otherwise. For the purposes of the temporary incentive rate book, the direct care worker is defined as: A employee hired explicitly to perform and deliver services directly to members, which allows the agency to appropriately submit claims to the division. For positions other than direct care workers, such as supervisors, these positions need to be performing direct service time for at least 75% of their weekly hours. Direct service time is the period of time spent in direct contact with the member, where a billable claim can be generated. Bonuses to agency owners, Directors, officers, administrators, etc are not to be included in the 70% threshold for direct care staff.

You must pay the 70% of incentive adjustment amount to direct care staff no later than 60 days from the end of the incentive period. If you decide to give permanent increases to hourly wages you must pay out the full 70% of incentive adjustment amount no later than 6 months from the end of the incentive period.

CPT/HCPCS Codes & Modifiers for Services

Current Procedural Terminology (CPT) and Healthcare Common Procedure Coding System (HCPCS)

Each year, in the United States, health care insurers process over 5 billion claims for payment. For Medicare and other health insurance programs to ensure that these claims are processed in an orderly and consistent manner, standardized coding systems are essential. The HCPCS Level II Code Set is one of the standard code sets used for this purpose. The HCPCS is divided into two principal subsystems, referred to as level I and level II of the HCPCS. Level I of the HCPCS is comprised of CPT, a numeric coding system maintained by the American Medical Association (AMA). The CPT is a uniform coding system consisting of descriptive terms and identifying codes that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. These health care professionals use the CPT to identify services and procedures for which they bill public or private health insurance programs. Decisions regarding the addition, deletion, or revision of CPT codes are made by the AMA. The CPT codes are republished and updated annually by the AMA.

Level I of the HCPCS, the CPT codes, does not include codes needed to separately report medical items or services that are regularly billed by suppliers other than physicians.

Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used outside a physician's office. Because Medicare and other insurers cover a variety of services, supplies, and equipment that are not identified by CPT codes, the level II HCPCS codes were established for submitting claims for these items. The development and use of level II of the HCPCS began in the 1980's. Level II codes are also referred to as alpha-numeric codes because they consist of a single alphabetical letter followed by 4 numeric digits, while CPT codes are identified using 5 numeric digits.

Pursuant to its authority as the State Medicaid Agency and as administrator of the ALTCS program, AHCCCS determines and assigns appropriate CPT and/or HCPCS codes to be used by each provider of service in order to be reimbursed for services funded through AHCCCS and the Medicaid program. HCPCS for most services contracted for by the Division have been included in this release of the RateBook.

HCPCS Modifiers

There are five (5) categories for which modifiers apply. The individual categories are listed below:

- Tier, used to differentiate when more than one client is served simultaneously
- Time of Day, used to differentiate when clients are served during different times of the day
- Attendant Care ONLY, used to differentiate different providers of service
- Agency with Choice, used for ALTCS member directed services
- Telehealth, used to deliver services via telehealth technology

1. Tier: These modifiers will denote the number of individuals served during the visit/encounter. These modifiers only apply to certain services and will denote either (a) UN two persons served simultaneously or (b) UP three persons served simultaneously.
2. Time of Day: These modifiers will denote the period of the day in which the visit/encounter occurred. These modifiers only apply to certain services and will denote either UF morning, UG afternoon, UH evening or UJ night, as appropriate.
3. Attendant Care Only: These modifiers will denote the type of provider of service for the visit/encounter. These modifiers only apply to Attendant Care services and will denote a family member as the caregiver as appropriate. The modifiers include U3 spouse caregiver, U4 family member not residing with individual served and U5 family member residing with individual served.
4. Agency with Choice: This modifier is utilized to denote member's participating in the ALTCS member-directed option available for selected Home-Based services. Specifically, this modifier only applies to (a) Attendant Care services (b) Homemaker, (c) Habilitation, Hourly Support and (d) Habilitation, Individually Designed Living Arrangement (Hourly Only).
5. Telehealth: These modifiers will denote the method of service delivery. These modifiers only apply to certain services and will use the standard GT, GQ, and UD modifiers.

Arizona Department of Economic Security, Division of Developmental Disabilities
TEMPORARY INCENTIVE RATE BOOK
Home-Based Services

Unit of Service

1. The basis of payment for all Home-Based Services except for Respite, Daily is one hour (60 minutes) of direct service time. Direct service time is the period of time spent with the member and verified by the member. When billing, the Qualified Vendor should round its direct service time to the nearest 15-minute increment, as illustrated in the examples below:
 - If services were provided for 65 minutes, bill for 1 hour.
 - If services were provided for 68 minutes, bill for 1.25 hour.
 - If services were provided for 50 minutes, bill for .75 hour.
2. If the Qualified Vendor provides Respite for a total of 12 or more hours (consecutive or non-consecutive) in one calendar day, this is considered to be Respite, Daily. A calendar day is a 24-hour stretch of time that begins at midnight and ends at 11:59 p.m. of the same day. One unit of Respite, Daily equals one day (12 or more hours in one calendar day) of direct service time. A Qualified Vendor billing for Respite, Daily will bill for the appropriate number of days of service and will include the actual cumulative hours of service provided on the billing document as required by the Division.
3. In no event will more than three members receive the same service with a single direct service staff person at the same time.
4. Other modifiers related to Time of Day (UF, UG, UH or UJ) may be required when billing Home-Based Services.

Examples of Billing: Respite, Daily

1. Respite provided from Friday at 4:00 P.M. until Saturday at 8:00 A.M.

Friday, 4:00 P.M. to 11:59 P.M.

Services Provided 8 hours

Services Billed 8 hours (S5151/RSP)

Services Authorization 8 hours reduced from authorization

Saturday, 12:00 A.M. to 8:00 A.M.

Services Provided 8 hours

Services Billed 8 hours (S5151/RSP)

Services Authorization 8 hours reduced from authorization

2. Respite provided from Friday at 11:00 P.M. until Saturday at 3:00 P.M.

Friday, 11:00 P.M. to 11:59 P.M.

Services Provided 1 hours

Services Billed 1 hours (S5151/RSP)

Services Authorization 1 hours reduced from authorization

Saturday, 12:00 A.M. to 3:00 P.M.

Services Provided 15 hours

Services Billed 1 unit (S5150/RSD)

Services Authorization 12 hours reduced from authorization

Independent Living Services

Rate

1. The hourly rate for this service is based on one hour (60 minutes) of direct service time.
2. The daily rate for this service is based on a Staff Hour unit of service. Staff Hours are the hours provided by the Qualified Vendor that the Division authorizes the Qualified Vendor to schedule and provide at the service site to assure health, safety, and the delivery of habilitation services to the residents.
 - The Division will make payments to the Qualified Vendor on the per diem basis based on the appropriate hourly rate for the Staff Hour unit of service, the number of residents at the site, and the direct service hours provided up to the number of authorized direct service hours for the site.

Unit of Service – Hourly

1. The basis of payment for this service is an hourly unit of direct service time. Direct service time is the period of time spent with the member and verified by the member. The Qualified Vendor may bill the Division an hourly rate if and only if the Division authorizes this invoicing of an hourly rate. The Division will authorize an hourly rate if:
 - Direct service time that is authorized in a given setting is less than 16 hours (consecutive or non-consecutive) on any calendar day. A calendar day is a 24-hour stretch of time that begins at midnight and ends at 11:59 p.m. of the same day, or:
 - Direct service time that is authorized in a given setting is less than 112 hours in a week. A week is a consecutive seven day stretch of time that begins at midnight on Sunday and ends at 11:59 p.m. the following Saturday.
2. If the Qualified Vendor provides an hourly unit of direct service time, when billing the Qualified Vendor should round its direct service time to the nearest hourly increment, as illustrated in the examples below:
 - If services were provided for 65 minutes, bill for 1 hour.
3. If the Qualified Vendor provides an hourly unit of direct service time and the Qualified Vendor provides this service with a single direct service staff person to multiple members at the same time, the basis of payment for each member will be the total direct service time multiplied by the appropriate multiple client rate for the same unit of service. In no event will more than three members receive this service with a single direct service staff person at the same time.

Unit of Service – Daily

1. The basis of payment for this service is an hourly unit (Staff Hour) of direct service time converted into a daily rate. Direct service time is the period of time spent with the member and verified by the member. The Qualified Vendor may bill the Division a daily rate if and only if the Division authorizes this invoicing of a daily rate. The Division will authorize a daily rate if:
 - Direct service time that is authorized in a given setting is 16 hours or more (consecutive or non-consecutive) on any calendar day in a week. A calendar day is a 24-hour stretch of time that begins at midnight and ends at 11:59 p.m. of the same day, or:
 - Direct service time that is authorized in a given setting is 112 hours or more in a week. A week is a consecutive seven day stretch of time that begins at midnight on Sunday and ends at 11:59 p.m. the following Saturday.
2. The Daily Rates schedule for Habilitation, Individually Designed Living Arrangement contains 20 tables with Daily Rates, and each table refers to one of 20 ranges. Each range represents a level of staffing with the number of direct service hours that are authorized by the Division to be provided by the Qualified Vendor at a particular site during a week. The number of hours specified in each range represents the number of direct service hours the Qualified Vendor must provide in a week in order to bill the per diem rates associated with that range. These Daily Rates are statewide for all Habilitation, Individually Designed Living Arrangement services. Staff hours shall only apply to the provision of service by awake staff.
3. The Qualified Vendor shall bill claims for payment for each member the per diem rate on the Daily Rates schedule for Habilitation, Individually Designed Living Arrangement that reflects the number of residents at the site and the range of hours provided in a week that reflect the lesser of 1) the authorized direct service hours, or 2) the actual direct service hours delivered.
4. If the Qualified Vendor elects to calculate a monthly average of weekly direct service hours at the end of the month, the Qualified Vendor shall determine the total number of direct service hours in a given month and determine the average number of direct service hours per week by dividing (the total number of direct service hours in a month) by (the number of weeks in a month).
 - a. If there are 31 days in a month, then the number of weeks in a month is 4.43
 - b. If there are 30 days in a month, then the number of weeks in a month is 4.29
 - c. If there are 29 days in a month, then the number of weeks in a month is 4.14
 - d. If there are 28 days in a month, then the number of weeks in a month is 4.00
5. The per diem rates paid to a Qualified Vendor with multiple sites will vary among homes according to the authorized direct service hours, actual direct service hours provided, and number of residents at each home.
6. Because direct service hours provided can vary by week, if the Qualified Vendor does not elect to calculate a monthly average of weekly direct service hours, and the number of residents can vary both by week and within a week, the Qualified Vendor may bill more than one per diem rate for each resident on their monthly claims, but none of the rates billed shall be in excess of the rate which reflects the number of authorized direct service hours.
7. The Qualified Vendor shall use the actual resident occupancy receiving services to determine the per diem rate to be billed to the Division. The actual resident occupancy includes all residents, whether or not they are funded by the Division. The Qualified Vendor must notify the

DDD Program Administrator/Manager or designee about movement into or out of a site by any resident, whether or not funded by the Division. The Division shall determine if direct service hours will be adjusted on a temporary or permanent basis to reflect the need for direct service hours.

8. If a resident is not at the site on a particular day, the Qualified Vendor shall not bill the Division for this resident. In this situation, the Qualified Vendor shall bill the Division the per diem rate for the actual number of Division-funded residents.

The basis of payment is one hour (60 minutes) of direct service time. Direct service time is the period of time spent with the member and verified by the member. When billing, the Qualified Vendor should round its direct service time to the nearest hourly increment, as illustrated in the examples below: - If services were provided for 65 minutes, bill for 1 hour.

Arizona Department of Economic Security, Division of Developmental Disabilities

TEMPORARY INCENTIVE RATE BOOK

Habilitation, Community Protection and Treatment, Group Home & Habilitation, Group Home Introduction

Purpose of This Schedule

This schedule converts the staff hourly rates to daily rates for the services of Habilitation, Community Protection and Treatment Group Home and Habilitation, Group Home. The rates on these schedules are to be used for these two services when billing the Division.

Rates

1. If at least one of the residents in the facility is authorized to receive Habilitation, Community Protection and Treatment Group Home, the Qualified Vendor may bill the Division the Habilitation, Community Protection and Treatment Group Home rate for all residents in the facility. Otherwise, the Qualified Vendor must bill the Division the Habilitation, Group Home rate for all residents in the facility.
2. If the resident that requires Habilitation, Community Protection and Treatment Group Home direct service hours moves out of the facility, the Qualified Vendor may continue to bill the Division at the Habilitation, Community Protection and Treatment Group Home rate for the reduced number of residents for a 60 day period, at which point the facility will be delivering Habilitation, Group Home services.
3. The daily rates for these services are based on Staff Hour unit of service. Staff Hours are the hours provided by the Qualified Vendor that the Division authorizes the Qualified Vendor to schedule and provide at the service site to assure health, safety, and the delivery of habilitation services to the residents. Staff Hours shall only apply to the provision of service by awake staff.
4. The Division will make payments to the Qualified Vendor on the per diem basis based on the hourly rate for the Staff Hour unit of service, the number of residents in the home, and the direct service hours provided up to the number of authorized direct service hours for the home. In Schedules A and B, the adopted rate includes incontinent supplies and nutritional supplements.
5. Schedules A and B contain 20 and 20 tables, respectively, with Daily Rates, and each table refers a specific range. Each range represents a level of staffing with the number of direct service hours that are authorized by the Division to be provided by the Qualified Vendor at a particular group home during a week. A week is a consecutive seven day stretch of time that begins at midnight on Sunday and ends at 11:59 p.m. the following Saturday. The number of hours specified in each range represents the number of direct service hours the Qualified Vendor must provide in a week in order to bill the per diem rates associated with that range. These Daily Rates are statewide for all Group Home services.
6. The Qualified Vendor shall submit claims for payment for each member the per diem rate that reflects the number of residents in the group home and the range of hours provided in a week that reflect the lesser of 1) the authorized direct service hours, or 2) the actual direct service hours delivered. The Qualified Vendor may calculate the weekly direct service hours weekly, or may calculate a monthly average of weekly direct service hours at the end of the month for that month.
7. If the Qualified Vendor elects to calculate a monthly average of weekly direct service hours at the end of the month, the Qualified Vendor shall

determine the total number of direct service hours in a given month and determine the average number of direct service hours per week by dividing (the total number of direct service hours in a month) by (the number of weeks in a month).

- If there are 31 days in a month, then the number of weeks in a month is 4.43
 - If there are 30 days in a month, then the number of weeks in a month is 4.29
 - If there are 29 days in a month, then the number of weeks in a month is 4.14
 - If there are 28 days in a month, then the number of weeks in a month is 4.00
8. The per diem rates paid to a Qualified Vendor with multiple homes will vary among homes according to the authorized direct service hours, actual direct service hours provided, and number of residents at each group home.
 9. Because direct service hours provided can vary by week (if the Qualified Vendor does not elect to calculate a monthly average of weekly direct service hours), and the number of occupants can vary both by week and within a week, the Qualified Vendor may bill more than one per diem rate for each resident on their monthly claims, but none of the rates billed shall be in excess of the rate which reflects the number of authorized direct service hours.
 10. The Qualified Vendor shall use the actual resident occupancy to determine the per diem rate to be billed to the Division. The actual resident occupancy includes all residents, whether or not they are funded by the Division. The Qualified Vendor must notify the DDD Program Administrator/Manager or designee about movement into or out of a home by any resident, whether or not funded by the Division. The Division shall determine if direct service hours will be adjusted on a temporary or permanent basis to reflect the need for direct service hours.
 11. If a resident is not in the group home facility as of 11:59 pm on a particular day, the Qualified Vendor shall not bill the Division for this resident. In this situation, the Qualified Vendor shall bill the Division the per diem rate for the actual number of Division-funded residents.
 12. Group Homes, excluding community protection group homes, with a maximum capacity of 2 or less as established by the Division, prior to July 1, 2019, will use rates defined in Table 1. Group Homes, excluding community protection group homes, with a maximum capacity of 3 or more as established by the Division will use rates defined in Table 2. Group Homes, excluding community protection group homes, with a maximum capacity of 2 or less as established by the Division, after July 1, 2019, will use rates defined in Table 2.
