Douglas A. Ducey  
Governor

Michael Wisehart  
Director

September 9, 2020

The Honorable Regina E. Cobb  
Chairman, Appropriations Committee  
Arizona State House of Representatives  
1700 West Washington Street  
Phoenix, Arizona 85007

The Honorable David Gowan  
Chairman, Appropriations Committee  
Arizona State Senate  
1700 West Washington Street  
Phoenix, Arizona 85007

Dear Representative Cobb and Senator Gowan:

Pursuant to Laws 2019, 1st Regular Session, Chapter 263, Section 31, the Arizona Department of Economic Security (ADES/Department) submits its Monthly Financial Status Report for Fiscal Year (FY) 2020 for April, May and June:

*The department of economic security shall forward a monthly report comparing total expenditures for the month and year-to-date as compared to prior year totals to the president of the senate, the speaker of the house of representatives, the chairpersons of the senate and house of representatives appropriations committees and the director of the joint legislative budget committee on or before the thirtieth of the following month. The report shall include an estimate of potential shortfalls in entitlement programs and potential federal and other monies, such as the statewide assessment for indirect costs, and any projected in state-supported programs that may be available to offset these shortfalls and a plan, if necessary, for eliminating any shortfall without a supplemental appropriation.*

### **Fiscal Year Closeout**

On June 30, 2020, the Department successfully concluded the closeout process of FY 2019 while maximizing all available state and federal resources. Over the past year, the Department, with the support of the Governor's Office and State Legislature, has made significant strides toward its mission of providing temporary assistance to those in need and care for the vulnerable.

### **Unemployment Insurance**

In March 2020, state and federal officials initiated a series of science-based mitigation strategies to combat the spread of COVID-19 across Arizona and the nation. Many of these orders required social distancing and temporary shutdowns of gyms, restaurants, and other high-traffic businesses, creating a sudden and substantial influx of Unemployment Insurance (UI) applicants. This unprecedented claim surge was accompanied by major changes to the UI program at the state and federal level, including brand-new

assistance programs, expanded eligibility, and major program changes. Hiring and training staff, improving and expanding system capabilities, and operating under social distancing guidelines to meet this demand created an ongoing series of challenges that the Department was able to overcome.

Beginning May 12, 2020 the Department began accepting applications for the newly established Pandemic Unemployment Assistance (PUA) program, providing unemployment benefits to individuals who are traditionally ineligible for state UI benefits, including individuals who are self-employed such as contractors and gig-economy workers. PUA benefits are retroactive for eligible weeks of unemployment due to the pandemic beginning February 2, 2020. Individuals may be eligible to access these benefits for up to 39 weeks. The program is set to expire the week ending December 26, 2020. Benefits distributed to eligible claimants through this program range between \$117 and \$240 a week. Individuals receiving state PUA benefits also received an additional \$600 weekly in Federal Pandemic Unemployment Compensation benefits for eligible weeks between March 29, 2020 and July 25, 2020.

Prior to the launch of the new PUA online portal, the Department prepared and mailed checks to [165,000 eligible individuals](#) for a total of \$350 million in initial payments, to ensure they received the needed benefits as quickly as possible.

Subsequently, in the first week of June, the Department distributed \$748.7 million in PUA benefits to claimants, the highest amount issued by ADES in a single week. This is largely attributable to the significant improvements the Department has made to resolve common issues and to expedite benefits to qualified applicants. These successes allowed ADES to provide timely services during a crucial period: in the week ending June 20, 2020, the state saw the highest number of claims paid in the history of Arizona's UI program at 1.2 million.

To support Arizonans in need during this unprecedented surge in applications for UI, the number of staff dedicated to call centers has [increased substantially](#), and the Department partnered with a private call center vendor to expand our capacity further. Throughout the pandemic, the Department has hired more than 800 new employees, for a total of 1,000 employees, many of whom are working seven days a week to process outstanding claims to meet the needs of unemployed Arizonans.

Around the country, states are seeing a spike in fraudulent UI claims complaints related to the ongoing COVID-19 pandemic involving the use of stolen personally identifiable information. Criminals are taking advantage of this new program and corresponding new system, exploiting the Department's efforts to issue benefits to individuals in a timely manner. Since the PUA eligibility criteria is set in federal legislation and guidance does not require proof of employment or base period wages, criminals are able to target a much larger portion of the population to steal their identity and file for benefits. As claims for PUA have risen, hundreds of thousands of these claims have been flagged as potential fraud, which the Department continues to investigate and process. In partnership with Google, ADES has made significant progress in identifying case types and patterns to release payments to those claims that were filed to eligible unemployed Arizonans in need of this critical assistance, and will continue to balance the need to serve our communities with program integrity. All pending cases require research and validation; in many cases, efforts to stop payments and recover funds prevent any losses in benefits.

The ADES Office of the Inspector General (OIG) is working closely with the U.S. Department of Labor to gather and share information about patterns of fraudulent activity across the states, and techniques and resources available to prevent and detect fraud. These efforts include cross matches with credible sources to verify identity, the expansion of queries to flag potentially suspicious claims and the adoption of nationally recommended fraud detection strategies that analyze inconsistencies in claims.

In addition, ADES is working with the United States Secret Service and other law enforcement personnel in the investigation of potential UI benefit fraud. The OIG and the UI Integrity Unit are collaborating to continuously vet methods and tools for the detection and prevention of fraud in association with identity theft. ADES is also leveraging partnerships with financial institutions and technology companies to further identify trends of potentially fraudulent activity. Additionally, the Department has more than doubled its staff dedicated to program integrity, and continues to add staff to meet the increase in UI benefit fraud.

ADES has implemented numerous fraud indicators to detect and prevent criminal behavior within the UI systems. The Department has been closely monitoring and running queries to identify fraud, and since putting these monitoring measures in place, have closed and recouped funds from tens of thousands of fraudulent accounts, and continue to prevent payment on claims believed to be filed fraudulently.

In an [interview](#) on July 30, 2020, the Department outlined the actions taken to combat UI fraud. Working with technology companies, the Federal Bureau of Investigation and the United States Secret Service, the Department is working to make sure that eligible applicants receive their benefits while recovering improper payments.

### **Child Care Arizona Enrichment Centers**

Child care providers contracted with ADES will continue to receive child care reimbursement payments no less than those provided in January 2020. Additionally, providers will be reimbursed at the full day rate for any children that had previously been attending part time and children may now receive service at providers licensed by the Arizona Department of Health instead of solely ADES licensed providers. Payments for services provided in March were issued on April 3, 2020 and payments will continue to be distributed after the first of the month until the end of the state of emergency.

On March 24, 2020, Governor Ducey established Arizona Enrichment Center scholarships to offer child care for the children of first responders, critical healthcare workers, and essential public sector workers, including child safety workers. The children of more than 6,000 first responders families are being served by 570 Enrichment Center providers in 56 cities and towns across the state. Furthermore, 5,600 children have qualified for child care scholarships.

### **Developmental Disabilities**

The Arizona Long Term Care System (ALTCS) caseload of the Department's Division of Developmental Disabilities (DDD) grew substantially in FY 2020, adding an average of 110 members each month. Served primarily through small, locally owned businesses, this growth is in alignment with the approximately five percent annualized ALTCS growth in recent years.

ADES has implemented several changes to maintain the quality and timeliness of developmental disability services. In April 2020, Support Coordinators began reaching out to every member to enhance communication with members, families and providers. Town halls were rescheduled from monthly to weekly, and daily emails are being sent to staff to ensure that they have the most up to date information.

To maintain the availability of providers and ensure a sufficient network remains in place throughout the duration of the pandemic, DDD is using incentive payments and enhanced rates for Home and Community Based Service providers. These provider support strategies are imperative in order to ensure continued care for the health and safety of members and provide stability for the provider network.

The Honorable Regina E. Cobb  
The Honorable David Gowan  
Page 4

Additional funding is not required as these costs are within DDD's current capitation rates fund balance projection.

Maintaining this focus on stability, accessibility and care for members, the Department has issued temporary rate adjustments for Attendant Care, Habilitation, Group Homes, Independent Living Arrangements and Respite. These increases will be effective between April 13, 2020 and August 31, 2020, to assist providers in retaining and recruiting direct care staff. In order to maintain provider transparency and accountability, at least 80 percent of the incentive must be distributed to staff as a temporary increase to wages and related costs. Eligibility for the August incentive payment requires the provider to self-certify that they have applied for Provider Relief Funds established in the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act.

### **Fiscal Year 2022 Budget Submission**

The Department is working with stakeholders, the community and the Office of the Governor to develop its FY 2022 Budget Submission. Focusing on emerging from the pandemic stronger, leaner and more efficient, ADES is reviewing a plethora of options to improve the availability and accessibility of services while reducing unneeded physical space.

If you have any questions, please contact Kathy Ber, Director of Legislative Services at (602) 542-4669.

Sincerely,

Michael Wisehart  
Director

**Temporary Assistance for Needy Families (TANF):**

Laws 1997, Chapter 300, the Welfare Reform bill, created the Employing and Moving People Off Welfare and Encouraging Responsibility (EMPOWER) program. The passage of federal Public Law (P.L.) 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, included the creation of 2 block grants requiring state legislative appropriation. These 2 block grants are the TANF and Child Care Development of entitlement-based child care programs and combined them with the former Child Care and Development Block Grant.

**Child Care Development Fund (CCDF):**

Laws 1997, Chapter 300, the Welfare Reform bill, created the Employing and Moving People Off Welfare and Encouraging Responsibility (EMPOWER) program. The passage of federal Public Law (P.L.) 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, included the creation of 2 block grants requiring state legislative appropriation. These 2 block grants are the Temporary Assistance for Needy Families (TANF) and CCDF Block Grants. The TANF Block Grant replaced entitlement programs such as Aid to Families with Dependent Children, Job Opportunities and Basic Skills (JOBS), and Emergency Assistance. The CCDF replaced a series of entitlement-based child care programs and combined them with the former Child Care and Development Block Grant.

**Appropriation of Non-Appropriated Funds:**

Laws 1996, Chapter 335 converted several Non-Appropriated Funds to Appropriated status, starting in FY 1998. Two other previously Non-Appropriated Funds were converted to Appropriated status in FY 1998: the Child Support Enforcement Administration (CSE) Fund and the Special Administration Fund. Since the Division of Child Support Services was budgeted on a total funds expenditure authority basis in FY 1997, the appropriation of the CSEA Fund does not alter the way it is displayed. The Special Administration Fund was also appropriated by Laws 1996, Chapter 312, and is displayed as a Special Line Item in the DERS budget. The Domestic Violence Shelter Fund was appropriated by Laws 1997, Chapter 210, and is displayed as a Special Line Item in the DAAS budget.

**Agency Description:**

DES combines many of Arizona's human service programs within a single agency. This broad range of services is delivered through a network of 35 programs, by 7,787 employees, working in more than 126 offices statewide. The services range from financial support, to child and adult protection, to community assistance. Each month, DES services are sought by more than 1 million Arizona children and families; elderly; persons needing assistance with employment, training and income; and individuals with developmental and other disabilities.

**Program Description:**

The Division of Developmental Disabilities (DD) program provides services to individuals with mental retardation, cerebral palsy, autism, or epilepsy. Clients eligible for federal Title XIX program services are funded through the Long Term Care (LTC) program. Title XIX is an entitlement program in which any individual must have an income below 300% of the Federal Benefit Rate eligibility limit, which is approximately 224% of the Federal Poverty Limit, and have certain functional needs. The division also provides 100% state-funded services for clients who are not eligible for Title XIX Program services. Besides contracting for services, the program: a) operates the Arizona Training Program at Coolidge (ATPC) and smaller state-operated group homes, and b) provides case management services to recipients.

**Program Description:**

This Division of Employment and Rehabilitation Services provides rehabilitative services to individuals with disabilities; job training opportunities to economically disadvantaged adults and youth; child care subsidy programs; and employability services to Temporary Assistance for Needy Families (TANF) recipients through the Job Opportunity and Basic Skills Training (JOBS) program. Several 100% federally funded programs are located in this division, such as the Unemployment Insurance benefit program and the new Workforce Investment Act programs; replacing the old Job Training Partnership Act (JTPA) program.

**Program Description:**

The Division of Aging and Adult Services includes the Governor's Advisory Council on Aging (GACA). It also provides alternatives to institutional care for the elderly and physically disabled through a range of non-medical home and community-based services. It includes statewide programs of advocacy, social services, nutrition services, program development services, adult protective services, nursing home ombudsman services, volunteer services, and employment opportunities.

The program also provides for an array of services primarily through contracts with community-based organizations, in the following programmatic areas: a variety of services for homeless persons and families; emergency services networks; refugee resettlement, including medical assistance; domestic violence victim assistance; and utility assistance.

**Program Description:**

The Division of Child Support Services program provides intake services, locates absent parents, assists in establishing paternity, establishes the legal obligation for, and the amount of, child support payments, and evaluates the absent parent's ability to pay. The program also collects, enforces, investigates and works with the courts to review and adjust child support orders.

**Program Summary:**

Through an intergovernmental agreement with Arizona Health Care Cost Containment System (AHCCCS), the Department of Economic Security performs eligibility determinations for the AHCCCS Acute Care Program, disability entitlement for the Arizona Long-Term Care System and the Federal Emergency Services program, and screens all individuals with developmental disabilities before they enter the Long-Term Care program to determine the appropriate level and types of specialized services needed. The Department also determines AHCCCS eligibility in the federal SOBRA program for pregnant women and children and other Medical Assistance Only (MAO) programs.
