

# Directory of Early Intervention Programs

## Arizona Early Intervention Program (AzEIP)'s Office

AzEIP is Arizona's statewide interagency system of services and supports for families of infants and toddlers, birth through two years of age, with disabilities or delays. AzEIP is established by Part C of the Individuals with Disabilities Education Act (IDEA). Part C provides eligible children and their families access to services to enhance the capacity of families and caregivers to support the child's development.

In Arizona, a team-based approach is used to provide early intervention services. AzEIP contracts with private providers, known collectively as Team-Based Early Intervention Services (TBEIS) contractors to provide individualized support to all eligible children and their families, within a given geographic region in Arizona. TBEIS contractors work collaboratively with the Division of Developmental Disabilities (DDD) and the Arizona Schools for the Deaf and the Blind (ASDB) to provide services for children potentially eligible and eligible for these service providing agencies.

This directory contains contact information for AzEIP and all AzEIP service providing agencies.

## Team Based Early Intervention Services Contractors

AzEIP divides each zip code in the state into a geographical service region (GSR). For each GSR, there are 1-2 TBEIS contractors that provide services to all children and families in the area. Both DDD and ASDB work cooperatively with the TBEIS contractors to provide transdisciplinary services for children and their families in all GSRs.
