Arizona's State Rehabilitation Council Needs You!

Are you interested in helping to shape Arizona's Vocational Rehabilitation (VR) services and enhance the delivery of employment services for individuals with disabilities? Then the Arizona State Rehabilitation Council is the place for you. We are currently seeking members to work as a part of a dynamic team to strengthen the VR program.

SRC Mission:

The mission of the Arizona State Rehabilitation Council is to advise, evaluate and partner with the public Vocational Rehabilitation program in support of improving access to employment and promoting a diverse workforce statewide.

SRC Vision:

The Arizona State Rehabilitation Council envisions a statewide workforce that values disability and diversity and is committed to full participation of its citizens.

SRC Goals:

- Advise the VR program in the development, implementation, evaluation and review of innovative rehabilitation services and programs.
- Support the development of public policy that improves opportunity for full participation for all citizens in the economic life of Arizona.
- Engage business and industry statewide in the creation of inclusive environments guided by the principles of universal design.
- Increase access and employment opportunities for people with disabilities through collaboration with external agencies, councils and community partners.

What is the commitment of an SRC Member?

- Attend quarterly council meetings as scheduled (most meetings are virtual)
- Attend quarterly subcommittee meetings (or more if necessary) (most meetings are virtual)
- Must take the loyalty oath supporting the Constitution of the United States and the State of Arizona
- Complete and pass a background check conducted by the Governor's Office
- Make a 3-year commitment to participate

Council Composition:

- Disability self-advocate
- Current or former VR clients
- Representatives from:
 - Business, Industry and Labor
 - Community Rehabilitation Programs/VR Vendors
 - Various disability populations
- Anyone looking to enhance the VR program
