Additional Reports:

In support of the Chief Justice's strategic agenda, the Supreme Court/Administrative Office of the Courts (AOC) provided the following domestic violence services in State Fiscal Year 2015: court policy analysts to support various committees addressing issues of domestic violence in the courts; automation trainers dedicated to teaching court staff domestic violence case processing; and computer programmers committed to make necessary updates to the statewide case management system and the AOC's public access portal. Additionally, funds were used to develop and provide domestic violence education for judges and court staff at judicial branch training offerings as well as the other multi-disciplinary domestic violence conferences. These services are addressed by multiple divisions at the AOC.

The Office of the Attorney General distributed \$3,307,264 for state mandated services for victims of crime. There is no way to report how much of these funds are used to support victims of domestic violence.

The Arizona Department of Corrections provides crime impact classes to inmates throughout the prison system, including classes on sexual assault and domestic violence. In addition, inmates donate monies through fundraisers to various victim organizations including domestic violence and sexual assault organizations through the Department's restorative justice efforts.

The Office of the Secretary of State administers the Address Confidentiality Program. The Address Confidentiality Program provides survivors of domestic violence, sexual offenses, and stalking with a legal substitute address and mail forwarding services. The monies collected to fund the program are directly from fines paid from persons convicted of offenses in Title 13, Chapter 14, offenses included in 13-3601, and stalking offense. These monies are used to administer the program and assist participants enrolled in the Address Confidentiality Program.
