

Service Eligibility Matrix

This matrix is intended to assist case managers to determine eligibility for services. The matrix should be used with the Aging and Adult Administration Policy Chapter 3000 and the ASCAP Manual. Services are authorized using assessment instruments. **A correlation must be demonstrated between an individual's impairment level(s) and the service(s) authorized.** Qualifiers may also be used in determining eligibility as outlined in the Aging and Adult Administration ASCAP Manual.

Service	2 ADL		2 IADL	Additional Requirements
Adult Day Care	Score of 3	OR	Score of 3	Documented disability for individuals under 60 years of age.
