## UPDATED GUIDANCE FOR CONGREGATE SETTINGS

Target Audience - Qualified Vendors and Providers

Transmittal Date - 01/04/2022

On Tuesday, January 4, 2022, DDD updated its [COVID-19 Guidance for Congregate Settings and Direct Care Workers](#) guidance document available on the [Actions Related to COVID-19](#) web page. The new guidance aligns with recent updates from the Centers for Disease Control and Prevention (CDC) related to COVID-19 vaccine booster shots and isolation for close contact or suspected/confirmed cases of COVID-19.

Vaccines are available at pharmacies, doctor's offices and other locations run by county health departments.

Vaccine sites can be found:

- Online at <https://www.azdhs.gov/findvaccine>
- By calling 1-844-542-8201
- By sending a text message with a zip code to 438829, for English, or 822862, for Spanish, to receive details about three locations near the zip code with vaccine availability.

Eligible Medicaid members can get non-emergency medical transportation (NEMT) to their vaccine appointment by contacting their [health insurance provider](#) for more details.
