 - A confirmation email will be sent to the email address registered with the option to add the event as a calendar listing on the user's default calendar application. Users who experience a delay in receiving the email should check their spam folder for the email.

Session Description

This lunch and learn will explore the Office of Individual and Family Affairs (OIFA), including its history, impact, and how it can assist Division members. Each OIFA Administrator has lived experience navigating the behavioral health system for themselves or an immediate family member and will share how their stories drive the work they do. We will explore peer and family support services and how these services can support Division members and their families. Participants will gain insight into outcomes related to peer and family support, as well as the importance of Peer and Family Run Organizations.
