2022 ARIZONA HEALTHCARE WORKFORCE GOALS AND METRICS ASSESSMENT (AHWGMA) RESULTS

Target Audience - Qualified Vendors and Providers

Transmittal Date - 03/21/2024

The collaborative efforts of the Arizona Workforce Development Coalition have yielded valuable insights through the 2022 Arizona Healthcare Workforce Goals and Metrics Assessment (AHWGMA). This statewide data collection tool plays a pivotal role in gathering information, analyzing data, and assessing the present and future needs of the workforce within the Arizona network. With a response from 246 providers across all participating MCOs, the results shed light on crucial aspects of the state of the workforce. Maricopa County contributed 27% of the responses, followed by Pima County with 11%, and Pinal County with 9%. These findings offer valuable insight for workforce forecasting, identify areas requiring support, and aid in prioritizing initiatives and projects based on statewide data. For a more detailed exploration of the 2022 AHWGMA results see the [Arizona Healthcare Network Workforce Data Assessments Summary](#) and the [2022-2023 AHWGMA Executive Leadership Report](#).
