Target Audience - Qualified Vendors and Providers

Transmittal Date - 04/17/2024

The 2024 Arizona Healthcare Workforce Goals and Metrics Assessment (AHWGMA) survey is now open. This assessment is a statewide data collection tool used to help the Arizona Network by gathering information, analyzing data, and assessing the current and future needs of the workforce. The results of this process will be used to inform on the state of the workforce, highlight where support is needed, assist with the development of resources/tools, and help prioritize initiatives/projects across the network.

**The Division is requesting all Qualified Vendors participate in this survey.** In addition to using the collected data to drive future initiatives/projects across the state, the survey also supports the Qualified Vendor Workforce Development requirements as outlined in the Division's Provider Manual 63.
