NCI State of the Workforce for IDD, 2023

Target Audience - Qualified Vendors and Providers

Transmittal Date - 7/2/2024

Great news for Home and Community-Based Services (HCBS) providers! An extension has been given to complete the National Core Indicator State of the Workforce Survey until July 31, 2024.

The State of the Workforce Survey (formally Staff Stability Survey) is an online survey of provider agencies supporting **adults** with intellectual and developmental disabilities (ID/DD) in residential, employment, day services, and other in-home or community inclusion programs. The survey captures information about wages, benefits, and turnover of the direct care professional workforce hired by agencies from January 1, 2023 - December 31, 2023.

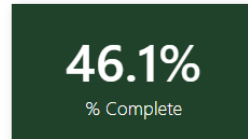

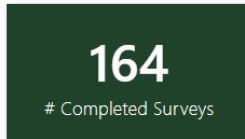

Agencies should have already received the survey through an email invitation (address provided by DDD Finance Unit). Agencies can respond directly online. Reminder emails are sent out weekly.

If you have not received an email, please check your spam folder and/or reach out to NCISurveys@azdes.gov to verify the email address we have on file. Thank you to those who have already participated!
