

# PROCUREMENT UPDATE: SERVICE SOLICITATION

Target Audience - Qualified Vendors and Providers

Transmittal Date - 12/29/2025

The Division of Developmental Disabilities is seeking Qualified Vendors to provide specific Home and Community-based Services (HCBS) through its Request for Qualified Vendor Application (RFQVA) DDD-2024 ("contract"). Pursuant to A.A.C. R6-6-2103(A), the Division published a list of services open for solicitation under RFQVA DDD-2024 on the [Contract Information for Qualified Vendors web page](#) under the "Services Contracted under the RFQVA". This list identifies the services and supports required to meet the needs of members statewide. Not all services included in the Qualified Vendor Agreement are subject to solicitation.

Based on current network sufficiency and the needs of members being adequately met, the Division will **no longer** solicit Habilitation, Supported Living (HAI) services effective February 1, 2026. All applications or amendments submitted before February 1, 2026, requesting to provide HAI will be processed.

Qualified Vendors with questions about this communication should contact the [Contracts Unit](#).
