**EVV PLACE OF SERVICE CODE GUIDANCE FOR
RESPITE SERVICE SETTINGS**

Target Audience - Qualified Vendors and Providers

Transmittal Date - 12/30/2022

Electronic Visit Verification (EVV) is required for Respite services delivered in the following Place of Service (POS):

| Place of Service Description | POS Code |
|------------------------------|----------|
| Home | 12 |
| Assisted Living Facility | 13 |
| Other | 99 |

Some members receive Respite services in Day Treatment settings or “Camp-like” settings. These are typically group settings where members can receive Respite services “on-demand” from staff who are already located at the setting and therefore are not subject to EVV requirements.

Qualified Vendors with Day Treatment settings where they provide Respite should use **POS Code 11-Office**. These services do not require the use of EVV.

DDD will be working with AHCCCS to implement the use of POS 16-Temporary Lodging for Respite services provided in Camp-like settings. Additional communication will be published when this POS is available for use. The Place of Service (POS) code set can be located [here](#).

Additional information about Provider Types, services codes, and POS required for EVV services can be located on the [AHCCCS EVV webpage](#).
