

325 ACCESS TO PROFESSIONAL SERVICES INITIATIVE AND RECONCILIATION

EFFECTIVE DATE: October 1, 2018

REFERENCES: A.R.S. § 48-5501 et seq., ACOM Policy 412

This Policy establishes guidelines for AdSSs regarding the Access to Professional Services Initiative (APSI) and related reconciliation. The Division seeks to provide enhanced support to certain professionals in order to:

- A. Preserve and enhance access to these professionals who deliver essential services to members, and
- B. Support professionals who are critical to professional training and education efforts. APSI is a program to preserve and promote access to medical services through a uniform percentage increase to the AdSS's rates for professional services provided by Qualified Practitioners affiliated with designated hospitals.

Due to uncertainty regarding actual use of Qualified Practitioners, and because the state share of the capitation paid to the AdSSs will be funded using Inter-Governmental Transfer (IGT) funds for this specific purpose, the Division intends to eliminate the financial risk to its AdSSs. The Division will isolate the APSI revenue and expenses and reconcile AdSSs' prospective and Prior Period Coverage (PPC) profits and losses to 0%. A risk pool will be used to capture unexpended funds.

Definitions

- A. APSI Expense - PPC and Prospective Expenses incurred by the AdSS for the 40% rate increase to providers. APSI Expenses excludes Subcapitated/Block Purchase Expenses.
- B. APSI Revenue - Amount of additional PPC and Prospective capitation provided for the 40% rate increase to providers.
- C. Designated Hospitals - For purposes of this Policy, designated hospitals include:
 - A hospital facility with an Accreditation Council for Graduate Medical Education (ACGME)-accredited teaching program and which is operated pursuant to the authority in A.R.S. Title 48, Chapter 31 (A.R.S. § 48-5501 et seq.); or,
 - A hospital facility with:
 - An ACGME-accredited teaching program with a state university, and
 - AHCCCS inpatient discharge utilization volume greater than or equal to 30 percent as calculated by the Arizona Department of Health Services for calendar year 2018; or,
 - A freestanding children's hospital or a pediatric unit of a general acute care hospital with greater than 100 licensed pediatric beds, excluding nursery beds.
- D. Qualified Practitioner - For purposes of this Policy, qualified practitioners are

providers who bill for services under one of the Group NPI numbers that are affiliated with one of the Designated Hospitals identified in Section III of this Policy, and include the following practitioners:

- Physicians, including doctors of medicine and doctors of osteopathic medicine
- Certified Registered Nurse Anesthetists
- Certified Registered Nurse Practitioners
- Physician Assistants
- Certified Nurse Midwives
- Clinical Social Workers
- Clinical Psychologists
- Dentists
- Optometrists.

Policy

A. General

1. Designated Hospitals participating in APSI effective October 1, 2018, include the following:
 - a. Banner University Medical Center Phoenix
 - b. Banner University Medical Center Tucson
 - c. Banner University Medical Center South
 - d. Cardon Children's Medical Center at Banner Desert Medical Center
 - e. Maricopa Medical Center
 - f. Phoenix Children's Hospital
 - g. St. Joseph's Hospital and Medical Center
 - h. Tucson Medical Center.
2. The reconciliation must relate solely to the APSI portion of encounters for fully adjudicated prospective and PPC medical expenses, excluding services provided under subcapitated/block purchase arrangements, for Qualified Practitioners. The amount due from or due to the AdSS as a result of this reconciliation will be based on aggregated profits and losses from APSI Revenue and Expenses across both prospective and PPC risk groups.
3. The reconciliation will limit the AdSS's profits and losses from APSI Revenue

and APSI Expenses to 0% (See Attachment A for calculation). Any losses in excess of 0% will be reimbursed to the AdSS, and likewise, profits in excess of 0% will be recouped.

B. AdSS Responsibilities

1. Effective with dates of service on and after October 1, 2018, the AdSS will provide a 40% increase to the otherwise contracted rates to Qualified Practitioners for all claims for which the Division is the primary payer.
2. The AdSS must submit encounters for APSI medical expenses and those encounters must reach fully adjudicated status by the required due dates. The Division will only use fully adjudicated encounters reported by the AdSS to determine the APSI medical expenses used in the reconciliation.
3. The AdSS must maintain financial records that separately identify all APSI-related prospective and PPC transactions, and must submit such information through a footnote in the financial statements as required by Contract and as specified in the AHCCCS Financial Reporting Guide.
4. The AdSS must monitor the estimated APSI reconciliation receivable/payable and record appropriate accruals on financial statements submitted to the Division on a quarterly basis as specified in the AHCCCS Financial Reporting Guide.
5. It is the AdSS's responsibility to identify to the Division any encounter data issues or necessary adjustments associated with the initial reconciliation by the deadlines for review and comment. It is also the responsibility of the AdSS to have any identified encounter data issues corrected and adjudicated no later than 15 months from the end of the period being reconciled. The Division will not consider any data for reconciliations submitted by the AdSS after these timeframes. Any encounter data issues identified that are the result of an error by the Division will be corrected prior to the final reconciliation.
6. The AdSS must submit any additional data as requested by the Division for reconciliation purposes (e.g. encounter detail file).
7. If the AdSS performs recoupments/refunds/recoveries on any APSI claims, the related encounters must be adjusted (voided or void/replaced) pursuant to ACOM Policy 412. The Division reserves the right to adjust any previously issued APSI reconciliation results for the impact of the revised encounters and recoup any amounts due the Division. If the AdSS does not submit the revised encounters within the required timeframe, the Division may recoup the estimated impact on the reconciliation and reserves the right to sanction the AdSS.

C. Division Responsibilities

1. No less than six months after the Contract Year to be reconciled, the Division will perform an initial reconciliation. The reconciliation will be calculated as follows:

Profit/Loss to be reconciled = APSI Capitation – APSI Medical Expense
Attachment A provides an example of the APSI reconciliation calculation.

2. The Division will use only expenses supported by fully adjudicated encounters reported by the AdSS to determine the expenses subject to reconciliation.
3. The Division will compare fully adjudicated encounters to AdSS financial statements and other AdSS submitted files for reasonableness.
4. The Division will provide to the AdSS the data used for the initial APSI reconciliation and provide a set time period for review and comment by the AdSS. Upon completion of the review period, the Division will evaluate AdSS comments and make any adjustments to the data or reconciliation as warranted. The Division may then process partial distributions/recoupments through a future monthly capitation payment.
5. A final APSI reconciliation will be performed no sooner than 15 months after the end of the contract year to be reconciled. This will allow for completion of the claims lag and encounter reporting. The Division will provide to the AdSS the data used for the final reconciliation and provide a set time period for review and comment by the AdSS.
6. Upon completion of the review period, the Division will evaluate AdSS comments and make any adjustments to the data or reconciliation as warranted.
7. Any amount due to or due from the AdSS as a result of the final APSI reconciliation that was not distributed or recouped as part of the initial reconciliation will be paid or recouped through a future monthly capitation payment.
8. The Division may include adjustments to the initial APSI reconciliation to account for completion factors.
9. The Division will create and use an APSI risk pool to capture recouped funds. The monies included in the risk pool will be used to reimburse AdSS with losses in excess of 0%.
