

Arizona Early Intervention Program Interagency Coordinating Council Composition

Arizona's Interagency Coordinating Council (ICC) for Infants and Toddlers serves as a forum for public input from parents, service providers, service coordinators, and other stakeholders about federal, state, or local policies that support the early intervention system. Members of the ICC are appointed by the Governor. The council is comprised of parents of children with disabilities, early intervention service providers, health care professionals, state agency representatives and others interested in early intervention.
