TOPIC: Change in HCPCS Code for HN9 and HNV Services

This message is intended for qualified vendors providing nursing services, HN9 (Nursing, Intermittent RN or LPN) and HNV (Nursing Visit RN or LPN). The HCPCS codes related to the above mentioned services have been changed. The old HCPCS code (G0154) has been replaced by two new HCPCS codes.

1. G0299: (direct skilled nursing services of registered nurse in home health or hospice setting)
2. G0300: (direct skilled nursing services of a licensed practical nurse in the home health or hospice setting)

Svc Code	Nursing Hcpcs Code	Description
HN9	G0299	Direct skilled nursing services of registered nurse in home health or hospice setting
HN9	G0300	Direct skilled nursing services of a licensed practical nurse in home health or hospice setting
HNV	G0299	Direct skilled nursing services of registered nurse in home health or hospice setting
HNV	G0300	Direct skilled nursing services of a licensed practical nurse in home health or hospice setting

Due to this change, effective **3/18/2016**, any claims submitted for date of services from 1/1/2016 onwards should be submitted based on the new codes (G0299, G300). Utilization of old codes after 3/18/2016 will result in claim denial.
