

## DDD GROWTH UPDATE - SEPTEMBER 2025

The Arizona Division of Developmental Disabilities (DDD) currently provides support and services to over 60,000 Arizonans with developmental disabilities. Governor Hobbs has demonstrated her commitment to DDD members and their families by fully supporting funding DDD's program even during record membership growth and service expansion. House Bill 2945 required AHCCCS, and subsequently DDD, to implement policy changes, including a strengthened assessment tool.

[In February 2025, DDD hosted public forums](#) that addressed the growth the program has experienced in recent years. Many factors have contributed to the growth. Every contributing factor mentioned in the presentation remains applicable. However, as more data has become available, service utilization for the under age 18 population has been found to account for an outsized proportion of the program's growth. As part of the Division's 5-Year Strategic Plan, the Division has posted data specific to the [Utilization of Attendant Care and Habilitation services for members under age 18](#).

DDD recognizes the positive impact this service expansion has had on the DDD community. DDD wants to continue to allow these services to be utilized, to the extent possible, when they meet the recently updated policy parameters. While a reduction in the current service levels as compared to what has been authorized in the last 1-2 years is anticipated, the end result will still equate to significantly increased utilization of these services as compared to pre-pandemic levels.

Arizona is preparing to implement federal legislation that will result in unprecedented cuts to Medicaid, and could have a significant impact on State revenue. Now, more than ever, it is imperative that the State ensure that its most critical, life-saving Medicaid programs are sustainable. AHCCCS and DDD remain committed to ensuring that Arizona's nationally recognized DDD program is able to continue providing the medically necessary Home and Community Based Services that Arizonans have come to rely on.

Understanding that there are likely many questions related to the DDD fiscal outlook and recent policy changes, AHCCCS and DDD will host public forums on Thursday, September 25, 2025, to answer frequently asked questions. AHCCCS and DDD will share more information about those in the days ahead.

### Arizona Warm Lines

Trained peer support specialists are available to provide help if you need it. These warm lines are available to all Arizonans ages 18 and older. Peer support specialists have lived experience with behavioral health challenges. They are trained to listen and support you.
