Priority of Service

Enacted into Law on November 7, 2002

- ❑ Priority of service means that Veterans and Eligible Spouses are given priority over non-covered persons for the receipt of employment, training, and placement services provided under a qualified job training program.
- ❑ This means that a Veteran or an Eligible Spouse either receives access to a service earlier in time than a noncovered person, or, if the resource is limited, the Veteran or Eligible spouse receives access to the services instead of or before the non-covered person.

Priority of Service Eligibility

- ❑ The priority of service regulations codified at 38 USC 4215 established a priority of service requirement for covered persons (i.e., Veterans and Eligible Spouses).
- ❑ Veterans, as defined at 38 USC 101(2), and Eligible Spouses, as defined in section 2(a) of 38 USC 4215(a), are eligible for priority of service.

Priority of Service

Definition of a Veteran

“

Under this definition, the term “veteran” means a person who served at least one day in the active military, naval, or air service, and who was discharged or released under conditions other than dishonorable. Active service includes full-time Federal service in the National Guard or a Reserve component. This definition of “active service” does not include full-time duty performed strictly for training purposes.”
