THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

## Section 1 Program Components

Program Components, 2605(a), 2605(b)(1) - Assurance 1, 2605(c)(1)(C)

1.1 Check which components you will operate under the LIHEAP program. Dates of Operation  
(Note: You must provide information for each component designated here as requested elsewhere in this plan.)

		Start Date	End Date
<input checked="" type="checkbox"/>	Heating assistance	10/01/2023	09/30/2024

<input checked="" type="checkbox"/>	Weatherization assistance	10/01/2023	09/30/2024

Provide further explanation for the dates of operation, if necessary

Arizona has identified date ranges for heating and cooling and has assigned a date range to each county for FFY 2023.

- 1) HEATING (November 1-March 31) and COOLING (April 1-October 31) for counties: Coconino, Yavapai, Navajo, Apache, Greenlee, Graham, Cochise, and Santa Cruz.
- 2) HEATING (December 1-March 31) and COOLING (April 1-November 30) for counties: Mojave, La Paz, Yuma, Maricopa, Gila, Pinal, and Pima.

The heating and cooling months overlap due to weather conditions. LIHEAP adjudication and application processing is administered within the Arizona Department of Economic Security (ADES) through the utilization of an online portal. ADES will be allocating seasonal LIHEAP funds based on the heating and cooling needs of the State. ADES will budget in this manner in order to keep the LIHEAP program operating throughout the entire year. The heating and cooling months illustrate when heating and cooling begins for each Arizona region.

Energy-Related Repair (ERR) Crisis assistance: October 1 - September 30

**Explanations of policies for each "yes" checked above:**

Renters living in subsidizing housing, who receive a utility reimbursement, are not eligible for LIHEAP if the amount of the reimbursement is equal to or exceeds the amount of their monthly utility bill.

Prioritization for vulnerable populations is completed by allowing for higher benefit payments. This is calculated through the benefit matrix. Vulnerable populations will not receive prioritized/expedited application processing (unless they are experiencing a crisis).

When determining benefit amounts, additional points are given to households with high energy burdens, elderly (60+ years old), disabled, veterans, and children 6 years old and under. A household may receive one point for each category, if eligible.

The ADES Senior Utility Assistance Program (SUAP) allows elderly participants to recertify using a shorter application and guarantees the maximum benefit allowed on the benefit matrix. ADES will also hold aside funding specifically for those within the recertification program to ensure vulnerable populations are served equitably.

**Determination of Benefits 2605(b)(5) - Assurance 5, 2605(c)(1)(B)**

**Explanations of policies for each "yes" checked above:**

Although the point system is not used for LIHEAP crisis assistance, the household must receive heating/cooling assistance either prior to or with the crisis payment. The point system is utilized to determine the household's LIHEAP assistance and is not recalculated for the crisis payment. A shut-off notice, delinquency, or imminent loss is needed to qualify for crisis assistance.

**Determination of Benefits**

Crisis assistance is available to applicants who have already received non-crisis assistance within a twelve (12) month period. The applicant must have a disconnect or delinquency notice, a notice that the utility has already been disconnected, or an eviction notice if utilities are included in the rent. When the standard LIHEAP benefit at the time of application is not enough to cover the outstanding amount due, the applicant is eligible to receive a crisis payment with the initial LIHEAP application.

**4.16 Do any of the utility vendors you work with enforce a moratorium on shut-offs?**

Yes  No

**If you responded "Yes" to question 4.16, you must respond to question 4.17.**

**4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.**

Several of Arizona's energy vendors enforce moratoriums with varying criteria. The largest energy vendors are represented below with their specific guidelines. These guidelines are in accordance with Arizona Administrative Code 14-2-211. The Corporation Commission's mission is to ensure safe, reliable, and affordable utility services. They may determine that other weather conditions are especially dangerous to one's health as the need arises.

As stated in AAC 14-2-211 and Corporation Commission's guidance, "A utility shall not disconnect: 1. Residential service to a customer from June 1 through October 15; 2. If the local weather forecast will include weather conditions that the Commission has determined, by order, are especially dangerous to health; 3. If the customer has paid at least half of the customer's outstanding bill balance within the last 25 days; 4. If the customer's outstanding bill balance is less than or equal to \$75.00."

Arizona Public Service (APS) uses 32 degrees Fahrenheit as the point at which they stop disconnections for non-payment for low temperatures. In addition, APS also developed an internal business process where disconnections are suppressed for non-payment when high heat stress indexes are present, as determined by the Phoenix Heat Alert website that relies on heat and humidity predictions from the National Oceanic and Atmospheric Administration (NOAA).

Southwest Gas (SWG) is prohibited from performing shut-offs during periods of time where weather will be especially dangerous to one's health. These weather conditions are defined as that period of time commencing with the scheduled determination date when the local weather forecast, as predicted by NOAA, indicates that the temperature will not exceed 32 degrees Fahrenheit for the next day's forecast.

Salt River Project (SRP) self-initiates moratoriums in the winter and summer based on weather conditions. The duration of the self-initiated moratorium fluctuates based on weather conditions. The criteria for moratoriums are extremely cold temperatures or excessive heat warnings issued by the National Weather Service.

## Section 5: WEATHERIZATION ASSISTANCE

Eligibility, 2605(c)(1)(A), 2605(b)(2) - Assurance 2

5.1 Designate the income eligibility threshold used for the Weatherization component

Add	Household Size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	200.00%
2			0.00%

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component?

Yes  No

5.3 If yes, name the agency. Arizona Department of Housing

5.4 Is there a separate monitoring protocol for weatherization?  Yes  No

WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

Entirely under LIHEAP (not DOE) rules

Entirely under DOE WAP (not LIHEAP) rules

Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

Income Threshold

Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days

Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

Other - Describe:

LIHEAP WAP shall follow all LIHEAP eligibility criteria as well as the Arizona Weatherization State Plan for the associated FY/PY. This document can be found at <https://housing.az.gov/documents-links/publications> under the Weatherization Plans section.

A temporary shelter is any dwelling unit or units whose principal purpose is to house, on a short-term basis, individuals who may or may not be related to one another. Examples of temporary shelters are transitional housing for homeless persons and domestic abuse shelters.

Weatherization has an exception to the LIHEAP eligibility with an income threshold of 200% FPL.

Weatherization Measures are not subject to DOE Savings to Investment Ratio (SIR) Standards.

Energy-Related Repair (ERR) is a crisis program for heating and cooling systems that do not heat or cool, do not distribute heat or cooling, are malfunctioning, or have health and safety issues (such as producing carbon monoxide). Households must be homeowners as landlords are required to maintain heat or cooling in rental units. The Arizona Department of Housing determines the prioritization of needs for ERR and funding as available.

If the regular weatherization benefit resolves a crisis, no prioritization will be utilized. A client is considered to be in a life-threatening crisis when the household has:

- No heating or cooling
- No heating or cooling distribution

Mostly under DOE WAP rules, with the following LIHEAP rule(s) where LIHEAP and WAP rules differ (Check all that apply.)

Income Threshold

Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

Weatherization measures are not subject to DOE Savings to Investment Ratio (SIR) standards.

ADES will continue its policy of cooperation, coordination, and information exchange with the Arizona Department of Housing, Federal Resources, Community Services Block Grant (CSBG) providers, Social Security Administration, and any other Energy Programs in order to minimize duplication of services and maximize services available to eligible clients.

Cooperation and coordination is in the form of formal and informal meetings, coordination of contracting procedures and contractors, exchange of significant correspondence, and joint planning. The same Administration within the Department administers funding from CSBG, Social Services Block Grant (SSBG), LIHEAP, and Temporary Assistance to Needy Families (TANF).

Coordination between the block grant programs occurs regularly to ensure the needs of low-income households are addressed.

The LIHEAP Weatherization Program is administered by the Arizona Department of Housing.

ADES collaborates with Community Action Agencies (CAAs) to maximize the utilization of community resources and benefits for eligible clients by utilizing a community navigation model. Through the community navigation model, the CAAs will focus on intake services and ongoing case management. The goal of the community navigation model is to assist clients by connecting them to resources and benefits that meet their needs.

ADES completes on-site observations of Community Navigation activities of each contracted agency.

**10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.**

Schedule - Monitoring of CAAs will occur at least once every three years. Any CAA that has a particular problem will be given technical assistance until the problem is resolved.

Focus - Monitoring focuses on the following areas: program, fiscal, policy, general contract requirements, and navigator model compliance. Monitoring may occur through a desk review of materials or on-site monitoring. Weatherization monitoring encompasses the aforementioned areas, plus on-site quality control inspection of weatherized homes. Monitoring visits are also used for contractor training and technical assistance as required. Monitoring relates to CAA's separate evaluations of internal controls, such as control self-assessments or internal procedures and performance. Internal monitoring processes shall be practiced by the CAA. LIHEAP CAAs have a responsibility to monitor and be monitored for compliance with program requirements.

ADES monitors CAA compliance with all requirements of federal, state, and local laws, contractual requirements, and directives in policy. The CAA shall cooperate in the evaluation of contracted services. The evaluation may assess the CAA's progress and/or success in achieving the goals, objectives, and deliverables set forth in their contract related to LIHEAP.

Protocol - The Arizona Department of Economic Security shall provide the CAA with the request for needed documents, such as case management files, and fiscal and administrative records, at least one week prior to the scheduled monitoring date. Regarding unscheduled monitoring, ADES may request needed documents while on-site without prior notice. ADES will communicate recommendations of findings with key personnel and provide the opportunity for clarification and will provide written results of the monitoring within a reasonable amount of time.

The CAA will ensure that key personnel are available for discussion during the scheduled monitoring and that the requested records are available and in order beginning on the first day of the scheduled on-site monitoring visit. It is the ADES' expectation that the monitoring will begin at the agreed date and time for scheduled monitoring.

The on-site monitoring visit will include these activities:

The interview should include the ADES Contract Specialist, ADES Program Specialist, and the CAA's Program Manager. It may include other ADES and CAA staff upon request of the ADES' Contract Specialist, ADES Program Specialist, or at the discretion of the CAA. The entrance interview will describe the monitoring activities that will take place, review the monitoring process, and schedule interviews with other CAA staff, as requested by the ADESy monitoring team.

On-site compliance monitoring will consist of a program review, with follow-up questions appropriate to the local situation. In order to complete the compliance monitoring, the ADES Contract Specialist and/or the ADES Program Specialist will interview the CAA Program Manager, the Fiscal Director, the position responsible for outreach activities, and any other staff whose work is integral to the program, as well as applicants.

ADES Adjudicators will have case audits completed on a monthly basis to ensure accurate determinations are made. Second-level audits will also be completed to ensure audits are being performed correctly.

**10.7. Describe how you select local agencies for monitoring reviews.**

**Site Visits:**

CAAs are monitored at least once every three years. If there are concerns related to a specific CAA operation, that CAA would be a priority for monitoring. ADES will also monitor the navigator model implementation of the CAAs to ensure consistency among the agencies.

**Desk Reviews:**

Desk reviews of CAAs reports are conducted by the CAPs team on a monthly basis. They are reviewed for financial, contract, and federal compliance.

**10.8. How often is each local agency monitored?**

CAAs are monitored at least once every three years.

**10.9. What is the combined error rate for eligibility determinations? OPTIONAL**

Pending information for FFY23

**10.10. What is the combined error rate for benefit determinations? OPTIONAL**

ADES does not currently track error rates for benefit determinations, only eligibility determination.

**10.11. How many local agencies are currently on corrective action plans for eligibility and/or benefit determination issues? 0**

**10.12. How many local agencies are currently on corrective action plans for financial accounting or administrative issues? 0**

Appeals must be submitted in writing using ASA-1011A within 60 calendar days from the date of the program decision or adverse action. The Appellant or representative of the Applicant may request to withdraw the hearing request at any time by contacting ADES. A Pre-Hearing Conference will take place, after an appeal is submitted, between ADES and the Applicant or Client in hopes of resolving the issue. The AADES Office of Appeals will conduct a hearing in accordance with A.R.S. 41-1061. The hearing officer will render a decision within 90 calendar days of the appeal date that is based solely on the evidence in the record and testimony produced at the hearing and applicable law. The decision will include findings of fact that include a concise statement of the conclusions upon each contested issue of fact, citations to the law and authority applicable to the issue of appeal, a statement of the conclusions derived from the controlling facts and law and the reasons for the conclusions, the name of the hearing officer, the date of the decision, and a statement of further appeal rights and the time period for exercising those rights. LIHEAP staff must not limit or interfere with the Applicant's right to request a hearing.

---

12.5 When and how are applicants informed of these rights?

ADES will provide an applicant or client with a notice of appeal rights on the ADES webpage, in the portal when a person applies for LIHEAP, and when issued a benefits decision notice. The portal will also email the applicant when they receive a new communication.
