

Free Training to Help People with Disabilities Register to Vote

DDD has teamed up with Arizona Center for Disability Law, Ability360, Arizona Developmental Disabilities Planning Council, and the Maricopa County Recorder's office to help educate our members on voter registration. We're also looking to partner with our contracted providers to help with this outreach initiative.

We invite you to join the initiative!

Please consider sending one or two of your staff to attend a free, two-hour training that will enable you to help your members to register to vote.

The Deputy Registrar Training session, presented by the Maricopa County Recorder's Office, will give you the information you need to help DDD members register to vote. Participation in only one training session will qualify you as a certified Deputy Registrar.

Thursday, June 28 at 1pm*

Ability360 Center

5025 E. Washington St., Phoenix, AZ 85034

[Registration is required. Find out more.](#)

*The "Events" section of the Maricopa County Registrar's Facebook page lists additional dates, times and locations for Deputy Registrar Training.

"It's been a pleasure going out into the community like this and help other people." -- Linda

A group of voting ambassadors pose with Chatham Kitz, community relations coordinator at the Maricopa County Recorder's Office, after presenting at the Arizona Association of Providers.

Deputy Registrar trainings are being provided in support of
National Voter Registration Day: September 25, 2018
