Available through 11/19/2017**

---

**Target Audience –All Stakeholders in Developmental Home Licensing**

A Developmental Home is a licensed family home that provides full time care for up to three Division members. Under DDD's contract Qualified Vendor Agreement (QVA) developmental homes are monitored by Qualified Vendors (licensing agencies). DDD is forming a work group to create specific standards and training requirements for licensing agency staff. Based on recommendations made by the Arizona Auditor General's Office, which reviewed DDD's Developmental Home program and published a report in September 2017(Sunset Review, Report 17-110), DDD will establish minimum qualifications and annual training requirements for monitoring agency applicants and staff.

Please forward this survey to interested Stakeholders. The Division needs input from members, family members/guardians, Qualified Vendors, licensed developmental home providers, and Division colleagues. The survey will also help identify potential volunteers for the workgroup.

**The survey will be available through 11/19/2017.**
