The State CSBG Office worked with the CAAs and Wildfire, the State Association, to review and discuss the CSBG State Plan. The workgroups provided an opportunity for the CAAs to give input and feedback on the information noted in the State Plan. Prior to the draft of a new plan, The State Office facilitated a State Plan Development training which outlined all sections of the Plan as well as the development process. Wildfire hosted a roundtable with all CAAs to gather input on changes the network would like implemented in the Plan. The State office hosted a State Plan Listening Session to encourage CAAs to provide comments on strategy and direction of the upcoming plan. After the State Plan was drafted, the draft was posted on the agency website and CAAs were made aware of the location and asked to review and provide comments on the draft. The second workgroup took place in a standing meeting with the network facilitated by the State Office and was used to discuss and respond to CAA comments on the State Plan. The comments and responses were recorded in the State Plan Change Matrix

**3.4b. Performance Management Adjustment: Describe how the state adjusted its State Plan development procedures under this State Plan, as compared to previous State Plans, in order to:**

1) encourage eligible entity participation and  
2) ensure the State Plan reflects input from eligible entities?

Any adjustment should be based on the State's analysis of past performance in these areas, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing.  
If the State is not making any adjustments, provide further detail.

*(Note: This information is associated with State Accountability Measures ISb(i) and (ii) and pre-populate the Annual Report, Module 1, Item B.1.)*

The State office adjusted our State Plan development procedures to implement many of the best practices outlined by NASCSP. Pre-draft workgroups were implemented, as well as a stronger partnership with the State Association. Agencies were also trained on the development process by the State Office in preparation for the development.

**6.3a. Assessment Process: Describe the planned assessment process.**

Eligible entities will be assessed annually via a desk review. Entities first submit a self-assessment of their compliance with organizational standards, marking each standard either as met or unmet. For each met standard, entities must provide supporting documentation; for each unmet standard, entities must draft a Technical Assistance Plan (TAP) indicating a plan to meet the standard. The State Office then reviews the entities self-assessments and provides feedback, including requests for additional documentation or for modifications to entities identified TAPs, and connects the agency with the State Association and begins providing any needed technical assistance. This process continues until entities have documented compliance with each standard. The State Association has access to Organizational Standards software to assist in T/TA for the agencies.

**6.4. Eligible Entity Exemptions: Will the state make exceptions in applying the organizational standards for certain eligible entities due to special circumstances or organizational characteristics (as described in IM 138)?**  Yes  No

**6.4a. Provide the specific eligible entities the state will exempt from meeting organizational standards, and provide a description and a justification for each exemption**

<b>7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.</b> The CCSD Finance Office calculates the total CSBG award through an approved funding formula with variables based on population, poverty, and rural factors to establish minimum funding for each Community Action Agency. <i>In FFY25 the State Office convened several meetings with the Community Action Agency Directors regarding a request from two Community Action Agencies for an increase in the CSBG base allocation funding formula for rural agencies. In 2005 the base allocation was set at \$150,000 and in 2017 the base allocation was reviewed by the Arizona Network and the Network decided to make no changes. In 2024 two Community Action Agencies reported that the base funding was no longer sufficient for them to continue operations. The CSBG base allocation was analyzed by the State Office that determined the base allocation has not adjusted with inflation, and rural agencies are unable to provide services based on present funding levels, requiring an update to the funding formula for a base allocation of \$225,000 so that the smaller agencies have funding to sustain operations. Several network meetings took place at least monthly, between October 2024 and February of 2025 to solicit and consider Network feedback. In February 2025 it was decided to increase the CSBG Base Allocation to \$181,500 using regular CSBG funds (\$63,000 Adjustment) and allocate CSBG Discretionary funds to agencies receiving less than \$225,000 (\$87,000 Adjustment). The outcome was the elimination of the CSBG Discretionary proposals for Community Level Initiatives effective 7/01/2025 (SFY2026) and a decrease of 0.97% of the SFY26 CSBG allocation to all Community Action Agencies except for the two minimally funded with a base allocation.</i>

**7.3. Distribution Process:**

**Describe the specific steps in the state's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about state legislative approval or other types of administrative approval (such as approval by a board or commission).**

The State operates CSBG funding on the State Fiscal Year (SFY), July 1st through June 30th cycle. The State enters into five-year budget-based/cost reimbursement contracts with eligible entities. Upon notification from OCS of annual allocations to states, the State CSBG Office communicates estimated annual allocations to eligible entities in April/May for the upcoming SFY. The State CSBG Office calls these communications Alerts. Upon receipt of the Alert, agencies must submit an Itemized Service Budget (ISB) to the state office. Once an acceptable ISB has been received, the State Office takes approximately 60 days to review and approve the ISB. Following any subsequent federal allocation change, funding awards are announced as they occur. The award of carryover from the previous year is announced around September of the current fiscal year. If contract amounts are changed, the State CSBG Office amends the contract to reflect funding changes. The State Office reviews and takes action on all invoices within 30 days of receipt. **7.3a Distribution Method: Select the option below that best describes the distribution method the state uses to issue CSBG**

**10.8b. New Designation Procedures:** If no, describe state procedures for the designation of new eligible entities and how the procedures were made available to eligible entities and the public

There is no State CSBG statute or regulation regarding the designation of new eligible entities. All counties in Arizona are currently being served by an eligible entity. A new entity designation would only occur as a result of an existing entity being de-designated, either voluntarily or for cause. In this instance, the State CSBG Office would initiate a public solicitation process in coordination with the State Office of Procurement within the unserved area. A public hearing is held in the unserved area to inform the community of the proposed designation. A public Request for Proposals (RFP) is published via the State Office of Procurement website, [www.ProcureAZ.gov](http://www.ProcureAZ.gov). Local human service agencies may submit proposals for designation that contain all federal assurances under CSBG, and State assurances as required. An evaluation committee within the State CSBG Office determines the best qualified agency to be designated based upon qualifications stated and completeness of response to required assurances in the RFP response. During the annual State public hearing process, the statewide public at large will be informed of the designation of a new entity. The State CSBG Office will follow Public Law 105-285, Title II A Community Services Block Grant Act, Section 676A.

**11.3. Tripartite Board Representation Assurance:** Describe how the state will verify that eligible entities have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entity's Tripartite Board as required by the assurance under Section 676(b)(10) of the CSBG Act

*Note: This response will link with the corresponding assurance, item 14.10.*

The State CSBG Office requires eligible entities to establish procedures under which a petition for adequate representation may be brought by any low income individual, representative of low-income individuals, community organization, or religious organization that considers itself or low-income individuals to be inadequately represented on the board (or in the alternative participatory mechanism).

**11.4. Tripartite Board Alternative Representation:** Does the state permit public eligible entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the state to assure decision-making and participating by low income individuals in the development, planning, implementation, and evaluation of programs" as allowed under Section 676B(b)(2) of the CSBG Act.  Yes  No

**11.4a. Tripartite Board Alternative Mechanism:** If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.

**Section 12: Individual and Community Eligibility Requirements**

Individual and Community Income Eligibility Requirements**

**12.1. Required Income Eligibility:**  
Provide the income eligibility threshold for services in the state.

200%	% <i>[Response Option: numeric field]</i>
------	---

**12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.**

The income eligibility threshold for CSBG services in the state of Arizona is currently set at 200 percent of the HHS poverty guidelines in accordance with funding provided under Public Law No. 118-40 (03/01/2024) Extension of Continuing Appropriations and Other Matters Act, 2024. The income eligibility threshold will automatically revert to the standard 125 percent HHS poverty guidelines threshold upon the expiration of the Act (September 30, 2024), or later law providing for expanded funding for CSBG eligibility thresholds, whichever is later. If subsequent legislative action permits a state to adopt a percentage of poverty higher than 125 percent, ADES shall then adopt the highest percentage of poverty permissible as a criterion of eligibility. For the purpose of TANF and Short Term Crisis Services (STCS) income eligibility, Eligible Entities may follow the ADES STCS Policy and Procedures Manual. This maintains fairness for households without children and do not qualify for crisis services under STCS/TANF. Households with an older adult or a person with disabilities are eligible for STCS services at 150 percent of the federal poverty guidelines instead of the standard 125 percent, if they have an eligible child.

**12.2. Income Eligibility for General/Short-Term Services:**  
Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical).An example of these services is emergency food assistance.

Eligible entities may conduct or promote periodic mass events offering the services by inviting program participants from their own and/or partners' client lists who are known to have qualified for benefits. Income eligibility for CSBG funded direct services will follow the rules for the service being provided. Limited in-take events for crisis services allow the eligible entity to use self-attestation for income to ensure services are provided to meet the immediate needs of the community. Agencies are also encouraged to focus limited in-take events in areas where low-income people are likely to reside or congregate, such as Title I school events.

**12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).**

Some eligible entities offer community targeted services within their own or partner facilities that are located in low-income neighborhoods and/or senior centers. For example, some eligible entities coordinate with local education institutions and refer existing case managed households to community-based education services. Others offer community-based services themselves at their own facilities and make them available to clients. These services include financial services, career centers, and education. The State CSBG Office reviews these activities during monitoring visits, when available, and encourages eligible entities to submit program narratives annually to highlight these activities.

**Section 13: Results Oriented Management and Accountability (ROMA) System**

**SECTION 13  
Results Oriented Management and Accountability (ROMA) System**

**13.1. Performance Measurement System:**  
Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a)of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act.

The State CSBG Offices contracts utilize guidance from federal partners and OCS IMs 49 and 82, specifying requirements around community needs assessments, Community Action Plans, and evaluation of outcomes per National Performance Indicators. The contracts also require eligible entities to utilize the ROMA Cycle for implementing practices for continuous organizational growth and improvement.
<b>13.1b. Alternative System Description: If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.</b>
<b>13.2. Outcome Measures: Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.</b>

The State CSBG Office provides funds to Wildfire, the State Association, to provide ROMA training to eligible entities. Additionally, the State Association is also contracted to provide training and technical assistance to individual entities upon request of the State Office or the eligible entity, and provide assistance with ROMA requirements as they apply to Organizational Standards. In addition, the current State Office CSBG Coordinator is a Nationally Certified ROMA Implementer and provides ROMA guidance and support to the CAAs. The State Office is also partnering with the State Association to provide scholarships for agencies who wish to have an NCRI on staff at their agencies, which aligns with the AZ CSBG Goals.
<b>13.4. Eligible Entity Use of Data: Describe how is the state plan to validate the eligible entities that are using data to improve service delivery?</b>
<i>Note: This response will also link to the corresponding assurance, Item 14.12.</i>
The State CSBG Office program staff interview eligible entity staff and Tripartite Board members during monitoring, attend board meetings and review meeting minutes to ensure ROMA NPIs are used to evaluate programs. Agencies demonstrate the use of data through formal decisions made in Board meetings relative to data collected in the previous program year.
<b>Community Action Plans and Needs Assessments</b>
<b>13.5. Community Action Plan: Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.</b>
<i>Note: this response will link to the corresponding assurance, Item 14.11.</i>
Submission of a Community Action Plan by the eligible entities is required annually as outlined in the Act and in each contract between the State Office and each eligible entity.
<b>13.6. Community Needs Assessment: Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.</b>
<i>Note: this response will link to the corresponding assurance, Item 14.11.</i>
Submission of a Community Needs Assessment is required by contract at least once every three years. An extension may be granted by the State CSBG Office for agencies coordinating community assessments with other programs such as Head Start or Area Agency on Aging. Agencies requesting

extensions must demonstrate that they are engaged in an active assessment project and provide a written methodology and timeline for completion.

(II) strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

The State CSBG Office requires CSBG eligible entities to submit a Community Action Plan (CAP) each year and to complete an Organization Information report in the state CSBG software module which includes the agency's description of proposed activities as they relate to the assurances. The State CSBG Office staff reviews the CAP and Organization Information reports and ensures that the activities supported are eligible uses of CSBG funds. The State CSBG Office requires each of the noted assurances to be addressed in the agency Organization Information report.

#### Needs of Youth

14.1b. 676(b)(1)(B) Describe how the state will assure "that funds made available through grant or allotment will be used -

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--

(i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and

(ii) after-school child care programs;

The State CSBG Office requires CSBG eligible entities to submit a Community Action Plan (CAP) every year and an agency Organization Information report. The Organization Information report includes a description that outlines proposed activities. The State CSBG Office staff reviews the CAP and Organization Information reports and ensures that the activities supported are eligible uses of CSBG funds. In ongoing efforts to avoid duplication of services, the State CSBG Office does not directly operate or support after school child care programs, as these are available through other programs in the communities served. Eligible entities are required by their contracts to provide a description of how they will support these programs through coordination with community partners, federally funded programs, such as Head Start, and referrals to local and private programs.

## Coordination of Other Programs

**14.1c. 676(b)(1)(C) Describe how the state will assure "that funds made available through grant or allotment will be used -**

**(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)**

Eligible entities are required to submit to the State CSBG Office an Organization Information report. The Organization Information report includes a description of its plans and ongoing efforts to coordinate programs in its service area. Staff reviews the Organization Information report and ensures that the activities supported are eligible uses of CSBG funds and coordination. The State CSBG Office includes in its Community Action Programs and Services contracts with CAAs the Low- Income Home Energy Assistance Program (LIHEAP), Short-Term Crisis Services (STCS/TANF), and other

State funds. The State CSBG Office also supports the State Association, Wildfire, with funding to coordinate with the Community Action Network as a whole, to develop and maintain relationships with other State and local agencies, federal programs, and information and referral systems. The State Office encourages agencies to collaborate with other programs such as Head Start, SNAP Outreach, WIOA, and other programs.

## State Use of Discretionary Funds

**14.2 676(b)(2) Describe "how the state intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the state will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."**

***Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10***

## Eligible Entity Service Delivery, Coordination, and Innovation

**14.3. 676(b)(3) "Based on information provided by eligible entities in the state, a description of..."**

**14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;**

The State CSBG Office requires CSBG eligible entities to submit a Community Action Plan (CAP) every year, an Organization Information report, and contract documents that include a description of the service delivery system, the county or counties served, the facilities where services are available, and information regarding how the eligible entity conducts outreach and delivers services in counties where service centers are not available. The Organization Information report also describes how the eligible entity coordinates funds with other organizations. The eleven CAAs in Arizona are contracted by the State CSBG Office under their Community Action Programs contract to provide services through the Low- Income Home Energy Assistance Program (LIHEAP). The State CSBG Office also contracts with the Arizona Department of Housing to provide Weatherization services in coordination with funding from the Department of Energy, which in turn subcontracts with eight eligible entities, and one additional sub-grantee, to offer Weatherization services. All eligible entities are required by contract to utilize CSBG funding in coordination with funding from Temporary Assistance for Needy Families (TANF), to deliver the State mandated emergency assistance program, Short Term Crisis Services (STCS). The State CSBG Office may award CSBG discretionary funds to support enhanced service methods, innovative special projects, and partnership initiatives.

## Eligible Entity Linkages - Approach to Filling Service Gaps

**14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."**

***Note: The state describes this assurance in the state linkages and communication section, item 9.3b.***

Eligible entities are required by contract to establish linkages to fill gaps in service per Section 676(b)(3)(B). The State CSBG Office requires eligible entities to provide a description of how they will fulfill this requirement in their Organizational Information reports. Some eligible entities develop linkages with local private organizations, such as financial institutions, to develop individual development account programs. Others contract with local non-profit agencies to provide specific services in their communities not offered by the eligible entity, such as food banks and job training programs. Some of these relationships are informal, others are subcontracted, and still others operate under Memoranda of Understanding (MOUs). Eligible entities are also provided additional funds from the State Office under other grants (such as Temporary Assistance for Needy Families (TANF) and LIHEAP) to expand case management services. Entities are required to report monthly on these activities. The State Office is also partnering with the State Association for the plan period to expand case management training and services across the network using CSBG Discretionary funds.

private resources."
<i>Note: The state describes this assurance in the state linkages and communication section, item 9.7.</i>
The State CSBG Office requires eligible entities to describe in detail in their annual Organizational Information report how they will fulfill this assurance. Eligible entities report on these efforts in their CSBG annual reports regarding coordination and leveraging of CSBG funds.

<i>Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7. 9(f).</i>

As part of the Organization Information Report eligible entities must provide a description of how the eligible entity will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals. Most CSBG eligible entities work with either a local food pantry, a food bank, or operate their own emergency food service in-house, to provide food in these

circumstances. Some eligible entities subcontract with local charities that provide emergency food as part of their regular services. Some eligible entities also coordinate with the State Supplemental Nutrition Assistance Program (SNAP) to facilitate applications. Under eligible entities' contracts with the State CSBG Office, CSBG funds may be used to support emergency food program operations. In the cases of emergent need that cannot be met immediately through other programs, eligible entities may utilize CSBG funds to meet food emergencies by providing food gift cards to qualified low income households..

<b>14.5. 676(b)(5)</b> Describe how the state will assure "that the state and eligible entities in the state will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the state and in communities with entities providing activities through statewide and local workforce development systems under such Act."
<i>Note: The state describes this assurance in the state linkages and communication section, items 9.1, 9.2, 9.3a, 9. 4, 9.4a, and 9.4b.</i>
<b>State Coordination/Linkages and Low-income Home Energy Assistance</b>

## 15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

### Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

**Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant**

**and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).**
