

## DIVISION OF DEVELOPMENTAL DISABILITIES

### Virtual Public Forums

The Division of Developmental Disabilities (Division or DDD) is aware of budget discussions happening at the State Legislature regarding growth in the ALTCS/DDD program.

The Division continues to strongly support the Governor’s Executive Budget Recommendation that would fully fund this growth and all of the important and impactful services provided through DDD. In order to explain the data behind DDD’s growth that has led to the need for additional program funding, DDD will hold virtual public forums on February 12, 2025 to share additional information.
