579,000 Americans are homeless on a typical night.

(Photo of a young Asian baby licking her hand and holding on to a wooden pole)

Approximately 2,459 homeless Arizonan families with children are in homeless shelters and on the streets on any given night.

(Photo of a man looking down holding a cup for change with a hole in his sock)

767 million people worldwide live on \$1.90 a day or less.

(Photo of an older man hugging his legs barefoot).

Single adults count for 72% of the homeless population in Arizona.
