

How to Get a Job in Arizona

Powtoon

Meet Stephanie

Stephanie just moved to Arizona and needs a job.

She learned about ARIZONA@WORK, and went to the office closest to her.

A workforce specialist named Tim gave Stephanie a career assessment to help her identify an occupation that she is passionate about.

Stephanie has always been interested in investments and the assessment recommended she work in the finance industry.

Tim checked labor market information to be sure there is currently a need for workers in the finance industry in Stephanie's community.

Then, Stephanie registered on Arizona's jobs database – the Arizona Job Connection website.

Here, she can upload or create a résumé and search hundreds of job openings in the finance industry.

Stephanie and Tim practiced job search techniques, discussed the importance of professionalism, and updated Stephanie's résumé for the finance field.

Stephanie also attended no-cost employment workshops at her local ARIZONA@WORK office to brush up on her interview techniques and soft skills.

Stephanie now feels confident and can refer to a list of job vacancies in areas of her interest.

During her interviews, Stephanie remembers Tim's tips to:

- research the company beforehand,
- arrive 15 minutes early,
- ask questions,
- and thank the interviewer.

Stephanie landed a job working as a financial services representative!

She loves her new career so much that she decided to return to ARIZONA@WORK for assistance with obtaining additional certifications to help her grow in her field.
