

SOCIAL WORKERS ARE ESSENTIAL

JOSEFINA ABRAJAN

How long have you been a social worker?

I have been in social work for two years.

Please list any degrees, licenses, etc.

I graduated from Arizona State University in 2018 with a Bachelor's degree in Social Work.

Why/How did you get into social work?

I became interested in social work my first year of college as I took a social work class as an elective. As guest speakers came in to talk to the class about how social workers help make a difference, I decided to do that as well.

What motivates you to do social work?

Helping others motivates me to continue doing social work.

What advice would you give someone considering social work?

To someone considering joining the social work field, I would tell them that is a challenging field but also very rewarding. Social work allows you to grow as a person and see the world in different perspectives as it is a very broad field.
