

Soft Launch & Hard Launch Data Collection

Oct. 1, 2015 – Soft Launch for Service Providers to begin monthly data collection

Jan. 1, 2016 – Hard Launch for Service Providers to begin monthly data collection

- If a Service Provider launches after October 1, and no later than January 1, the Service Provider is required to submit any missed monthly reports;
- Missed monthly reports can exclude Performance Measurement data, meaning, abbreviated data is acceptable to submit for the missed months;
- No UIRs are necessary for the missed months.

Monthly data is due by the 15th of the following month.

Agencies with the ability to collect monthly data now are encouraged to continue, as your data will allow us to start testing the data and the process.
