REFERENCES: 42 CFR 455.2; A.R.S. §§ 46-451 and 13-3623

The Division of Developmental Disabilities (Division) is committed to the prevention and detection of fraud, waste and abuse. Providers are responsible to administer internal controls to guard against fraud, waste and abuse.

Abuse of the Program

Abuse is defined by federal law (42 CFR 455.2) as “provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in an unnecessary cost to the Medicaid program, or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes beneficiary (recipient) practices that result in unnecessary cost to the Medicaid program.”

Abuse of a Member

Abuse of a member, as defined by Arizona law (A.R.S. §§ 46-451 and 13-3623), means any intentional, knowing or reckless infliction of physical harm, injury caused by negligent acts or omissions, unreasonable confinement, emotional or sexual abuse, or sexual assault.

Fraud

Fraud is defined by federal law (42 CFR 455.2) as “an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or some other person. It includes any act that constitutes fraud under applicable Federal or State law.”

Examples of fraud are:

A. Falsifying Claims/Encounters: alteration of a claim, incorrect coding, double-billing, or false data submitted

B. Falsifying Services: billing for services/supplies not provided, misrepresentation of services/supplies, or substitution of services

C. Administrative/Financial: kickbacks, falsifying credentials, fraudulent enrollment practices, fraudulent Third Party Liability (TPL) reporting, or fraudulent recoupment practices

D. Member Issues (Fraud) Eligibility Determination Issues: resource misrepresentation (transfer/hiding), residency, or household composition.

Waste

Waste is defined as overutilization or inappropriate utilization of services, misuse of resources, or practices that result in unnecessary cost to a federally-funded or state-funded program.
Division Monitoring

The Division:

A. Reviews all participating providers during the credentialing/certification process (including re-credentialing)

B. Monitors providers for non-compliance with Division contracts, rules, policies and procedures, in addition to AHCCCS policies

C. Verifies as part of Prior Authorization:
   1. Member eligibility
   2. Medical necessity
   3. Appropriateness of service being authorized
   4. Service being requested is a covered service
   5. An appropriate provider referral.

The Division’s electronic claims processing application executes over 150 pre-payment edits ensuring payment accuracy and guarding against fraud and abuse. Some of these edits include: member eligibility, covered services, prior authorization, appropriate services codes, dates of services, authorized units and units provided, duplicate claims, approved rates, and utilization.

The Division, with the support of the Internal Audit Administration, conducts post payment reviews. These reviews look retrospectively at a sample of paid claims to ensure provider internal controls are in place. These reviews include the review of provider files, such as timesheets, to ensure proper documentation.

Quality Management conducts regularly scheduled on-site reviews. Additional reviews may be conducted on an as needed basis.

If at any time during the above processes, the incidence of fraud, waste and/or abuse is suspected or discovered, the matter is to referred to the Corporate Compliance Unit for review and potential referral to the Arizona Health Care Cost Containment System (AHCCCS) Office of Inspector General (OIG).
