Q4 SURVEY REMINDER

Target Audience - Qualified Vendors and Providers

Transmittal Date - 5/1/2019

In anticipation of CMS approval, the Division is preparing for the distribution of one-time funding for eligible providers who complete the Q4 survey. The Qualified Vendor must have rendered one or more of the select Home and Community Based Services (HCBS) that received a rate increase due to Proposition 206 passage and be a current DDD provider to be eligible for this funding. See the following link for a list of select services included for one-time funds:

<https://des.az.gov/sites/default/files/media/Adopted-Rates-7-1-2018-Updated.pdf>.

The Q4 survey will utilize the provider survey generated by National Core Indicators (NCI), as opposed to Survey Monkey. Eligible providers should have received a custom link to the survey via e-mail, the survey can only be accessed via this link.

TIME IS RUNNING OUT! Providers must complete the survey by May 17, 2019, to be eligible for the one-time funding.

This distribution of funds will be based on the total amount of paid claims for the selective HCBS identified for dates of service January 1, 2019, through March 31, 2019, as recorded by May 1, 2019. The distribution of funds will be proportionate to the total amount of paid claims during this time period.

If you usually participate in the Proposition 206 Survey and have not received an e-mail about the NCI survey, please send an email to DDDPop206Survey@azdes.gov and request to have your link resent.

Once the survey is completed it is automatically saved to the NCI database and DDD is notified. You will not receive a completion confirmation. You can take a screenshot of the final screen showing completion or print to PDF for your records.

Providers not interested in the one-time funding opportunity can submit the survey to NCI by June 30, 2019.
