

SOCIAL WORKERS ARE ESSENTIAL

RAMONA MEDA

How long have you been a social worker?

7 years

Please list any degrees, licenses, etc.

Masters of Social Work

Why/How did you get into social work?

Most majors that I was interested in while in college involved some level of social work-type of work, because I wanted to be able to help others when they need it most. I decided on a Social Work degree because there are so many different career paths that one can take in this field.

What motivates you to do social work?

Knowing that I may be able to make a positive change in somebody's life, even if it is a very small one

What advice would you give someone considering social work?

Be compassionate and very patient. Some families, members, clients, etc. don't have anybody else but you to help them out.
