WEB PAGE DEDICATED TO DDD COVID-19 UPDATES

Target Audience - Qualified Vendors and Providers

Transmittal Date - 03/21/2020

DDD has issued guidance over the past week via vendor announcements as the COVID-19 situation continues to evolve in Arizona. In order to better manage the fluidity of this situation, DDD has published a [web page dedicated exclusively to COVID-19 updates](#). There you will find the COVID-19 vendor announcements as well as a Frequently Asked Questions document that will be updated as new information becomes available each week for the foreseeable future. The web page will also keep a running list of changes to normal DDD processes/requirements that are being implemented and the effective date for those changes. Finally, the web page will also include information for members and families, so they have a central location for the most up-to-date information specific to DDD services as well as general guidance for the I/DD population.

Please continue to check the web page daily for updates. Thank you for everything you are doing to serve and support DDD members during this unprecedented time period.
