3.1.3 Submission of Inquiries

The RFQVA Contact Person may require that an inquiry be submitted in writing. Any inquiry related to the RFQVA shall refer to the appropriate RFQVA number, page and paragraph.

3.1.4 No Right to Rely on Verbal Responses

Any inquiry that results in changes to the RFQVA shall be answered solely through a written RFQVA Amendment. An Applicant may not rely on verbal responses to its inquiries.

3.1.5 RFQVA Amendments

The RFQVA shall only be modified by a RFQVA Amendment.

3.2 Application Preparation

3.2.1 General

The Applicant shall submit one original, signed electronically generated printable hard copy of its Application plus necessary submittals and one copy of the hard copy of its Application:
3.7.3 Disqualification

The Application of an Applicant who is currently debarred, suspended or otherwise lawfully prohibited from any public procurement activity shall be rejected.

3.7.4 Waiver and Rejection Rights

Notwithstanding any other provision of the RFQVA, the Division reserves the right to:

1. Waive any minor informality;

2. Reject any and all Applications or portions thereof; or

3. Cancel the RFQVA.

3.8 Special Notes to Day Treatment and Training Applicants

1. As of the release of Amendment Number 1, the Division has not completed its review of the Day Treatment and Training rates. However, existing providers are encouraged to apply for this service so that payment authorizations can be processed before July 1, 2003. The new rates will be released in a subsequent RFQVA amendment.

2. All Day Treatment and Training Applicants are encouraged to also apply for the Transportation service so that they can provide transportation to and from the program to consumers that are enrolled in their Day Treatment and Training Programs.

3.9 Special Note to Transportation Applicants

As of the release of Amendment Number 1, the Division has not completed its review of the “Flat Trip Rate for Regularly Scheduled Daily Transportation.” However, existing providers are encouraged to apply for this service so that payment authorizations can be processed before July 1, 2003. The new rates will be released in a subsequent RFQVA amendment.

3.10 Special Note to Habilitation, Nursing Supported Group Home Applicants

As of the release of Amendment Number 1, the Division has not completed its review of the Habilitation, Nursing Supported Group Home published rates. However, existing providers are encouraged to apply for this service so that payment authorizations can be processed before July 1, 2003. The new rates will be released in a subsequent RFQVA amendment.
will not be subject to a prospective quality evaluation of their program prior to the award of a Qualified Vendor Agreement (contract) by the Division. This is very different from all prior awards of contracts. The determination of quality service will be determined largely by consumer choice on an ongoing basis. Consumers will be able to change providers, utilize multiple providers, and encourage potential providers to apply to become a provider on an ongoing basis.

For some services, consumer choice will have some limitations. For example, group services, such as group homes and day treatment and training programs, consumer choice will be a shared responsibility of the group of consumers who will be sharing service provision. This will involve reaching consensus for a single choice among the entire group of consumers. For capacity based services, i.e., group homes, developmental homes, or day treatment and training programs, consumer choice may be limited to Qualified Vendors who have existing capacity for service until the Division determines additional capacity is needed and can be supported by Division funding.

The Division’s ability to provide services is based on available funding. Every effort will be made by the Division to effectively and efficiently provide service to all eligible consumers. It is the expectation of the Division that consumers and Qualified Vendors will assist the Division in efficient and effective service planning and delivery.

4.5 Published Rate Schedules

The published rate schedules that are referenced and incorporated into the RFQVA are the result of the statutes that mandate the Division to adopt a published rate system (see A.R.S. 36-557). The published rate schedules:

- Satisfy the legislative mandate that the Division adopt a published rate system;
- Provide a critical element to the redesigned service procurement process that is contained in this RFQVA; and
- Provide equity and simplicity to the Division’s reimbursement systems.

The Division produced and distributed a Provider Letter, dated January 21, 2003 concerning the published rate schedule. The letter and its attachments address:

- The development of the Benchmark Rates through the independent rate setting process;
- The State budgetary constraints that forced, and the methodology used by the Division, to scale back the Benchmark Rates to the Adopted Rates;
- The implementation of the Adopted Rates in Fiscal Year 2004 through a phase-in process; and
- The independent rate models that were used to develop the Benchmark Rates.
The Provider Letter, and its attachments, as well as any updates to the published rate schedules may be found on the Division’s web site at www.de.state.az.us/ddd. The Division is anticipating release of the final published rate schedules prior to or on April 7, 2003.

The published rate schedules that will initially apply to this RFQVA, to be published prior to or on April 7, 2003 will not include rates for independent providers (non-agency rates). The independent provider rates (non-agency rates) included in the draft rate schedules that were released on January 21, 2003 for Attendant Care; Habilitation, Support; Housekeeping; Respite; Day Treatment and Training, Adult; Day Treatment and Training, Children (After-School); Day Treatment and Training, Children (Summer); Habilitation, Individually Designed Living Arrangement; and Transportation (Family) will be withdrawn. The rates will be re-released in the fall of 2003 after the development and administration of the statewide individual consumer level of need assessment process and the adoption of rate modifiers. Until that time independent providers will continue to be compensated pursuant to the independent rate schedule in the district where the consumer resides. After the statewide rates for independent providers (non-agency rates) are published, independent providers, whether or not they are Qualified Vendors, will receive the applicable statewide independent provider rate as modified by the individual consumer level of need assessment.
6. The Qualified Vendor shall have a staff back-up plan at all times in order to ensure that appropriately trained back-up staff are available when the primary staff person is not available and the service is critical to assure the maintenance of health and safety of the consumers receiving service.

7. The Qualified Vendor shall routinely monitor and supervise direct service staff to ensure the ability/fitness of the direct service staff as well as assess the effectiveness of the relationship between the consumer/consumer’s representative and the direct service staff.

5.3 Training

1. The Qualified Vendor shall ensure that all direct service staff receive the following training:
   1.1 Minimum orientation standards regarding individuals served and the operations of the program.
   1.2 Minimum training standards in areas determined by the Division and Qualified Vendor depending upon the specific needs of the setting and/or of the consumers served.
   1.3 Specialized training as required.

2. All training completed shall be documented in the individual employee’s personnel record.

3. The Qualified Vendor shall encourage participation of consumers and parents in presenting staff training.

5.4 Delivery of Services

1. The consumer/family/consumer’s representative has the right and responsibility to choose from the available Qualified Vendors whom they believe will best meet the needs of the consumer. If services are provided to a group, the consumers shall collectively choose the Qualified Vendor.

2. The Qualified Vendor shall, as set forth in each consumer’s Individual Support Plan (ISP), deliver services to consumers in such a manner that meets the following service goals:
   2.1 To increase or maintain the self-sufficiency of consumers.
   2.2 To maintain the health and safety of consumers.
   2.3 To provide services in a manner that supports and enhances the consumer’s independence, self esteem, self-worth, mutual respect, value, and dignity.
2. The Qualified Vendor shall maintain a file on each consumer. A consumer’s file should include the following, as applicable:

2.1 Pertinent documents related to the consumer’s ISP such as the consumer’s ISP, the consumer’s support plan, and the consumer’s behavioral health treatment plan.

2.2 Record of services rendered (including administration of medications) and the consumer’s response to services.

2.3 Documentation of communications with consumer/consumer’s representative, other service providers, support coordinator, etc.

2.4 Copy of the orientation document.

2.5 Copy of attendance sheets.

2.6 Copy of the monthly progress reports.

2.7 Documentation of incidents related to the consumer and/or complaints related to the Qualified Vendor’s care of the consumer and documentation of resolution.

2.8 All required consents, such as General Consent and/or Consent for Use of Behavior Modifying Medications.

### 5.11 Application and Use of Published Rates

1. The Qualified Vendor shall comply with the following general requirements relating to the use of published rates in the delivery of agreement services. In addition, the Qualified Vendor shall comply with the rates procedures issued by the Division from time to time.

2. The published rate schedules and the requirements related to their use will be available on the Division’s website on or before April 7, 2003. The published rate schedules and the requirements related to their use may be updated or changed from time to time. Affected agreements will be amended to include changes.

3. As indicated in Section 3.4, the Division is not accepting Qualified Vendor Applications from independent providers at this time. However, the Division will continue contracting with independent providers using Individual Service Agreements (ISAs).

3.1 The published rate schedules that will initially apply to this RFQVA to be published prior to or on April 7, 2003 will not include rates for independent providers (non-agency rates). The independent provider rates (non-agency rates) included in the draft rate schedules that were released January 21, 2003 for Attendant Care; Habilitation, Support; Housekeeping; Respite; Day Treatment and Training, Adult; Day Treatment and Training, Children (After-School); Day Treatment and Training, Children (Summer); Habilitation, Individually Designed Living Arrangement; and Transportation (family) will be withdrawn.

3.2 The independent provider rates (non-agency rates) will be re-released during the fall of 2003 after the development and administration of the statewide individual consumer level of need assessment process and the adoption of rate modifiers. Until that time independent providers will continue to be compensated pursuant to the independent rate schedule in the district where the consumer resides. After
4.2 Schedule 2 converts the staff hourly rates to daily rates for the services of Habilitation, Community Protection and Treatment Group Home; Habilitation, Group Home; and Habilitation, Nursing Supported Group Home. The schedule contains three sub-schedules for each of these services, one labeled “step-up rate,” one labeled “adopted rate,” and one labeled “step-down rate” based upon staff hourly rates. The rates on these schedules are to be used by Qualified Vendors providing these three services during Fiscal Year 2004.

4.3 The average paid unit rate that the Qualified Vendor was reimbursed during Fiscal Year 2003 will be determined in the following manner:

4.3.1 For the following services:
- Habilitation, Group Home
- Habilitation, Community Protection and Treatment Group Home
- Habilitation, Nursing Supported Group Home

The average rate will be determined by service site, with the calculated staff hour rate contained in the contract amendments relating to the Fiscal Year 2003 provider rate increase effective July 1, 2002, or any subsequent amendment between the Applicant and the Division agreed to in writing no later than November 1, 2002. Applicants should refer to the “Combined 4.0 and 5.5 for HABILITATION, Group Home” in their current contract. The calculated staff hour rate is the staff hour rate that was used in the calculation that produced the daily rate contained in the column on this document labeled “Rate Eff 7/1/02.”

If the Qualified Vendor adds new sites not previously in contract, the adopted rate will be used (i.e., not the step-up rate or the step-down rate).

4.3.2 For the following services:
- Room and Board, All Group Homes
- Occupational Therapy
- Occupational Therapy Early Intervention
- Physical Therapy
- Physical Therapy Early Intervention
- Speech Therapy

4.3.3 For the following services:
- Attendant Care
- Habilitation, Community Protection and Treatment Hourly
- Habilitation, Support
The average paid unit rate will be determined for each Qualified Vendor by the Division based on the units billed by the Qualified Vendor and paid by the Division for Fiscal Year 2003, from the beginning of the fiscal year until February 7, 2003 and appearing on the Division’s automated systems. In determining the average rate for each Qualified Vendor, the Division will not consider any claims that have a rate per unit of service that is below the single client floor rate established for Fiscal Year 2003 pursuant to the provider increase process established for the year.

4.3.4. For the following services:
- Day Treatment and Training, Adult
- Day Treatment and Training, Child (After-School)
- Day Treatment and Training, Child (Summer)

The average paid unit rate for services provided by the day treatment and training provider will be calculated for each Qualified Vendor by the Division based on the units billed by the Qualified Vendor and paid by the Division for Fiscal Year 2003, from the beginning of the fiscal year until February 7, 2003 and appearing on the Division’s automated systems. In determining the average rate for each Qualified Vendor, the Division will not consider any claims that have a rate per unit of service that is below the floor rate established for Fiscal Year 2003 pursuant to the provider increase process established for that year. The calculation of the average paid unit rate for Day Treatment and Training, Child (After-School) and Day Treatment and Training, Child (Summer) will be calculated by as a single rate by taking all Day Treatment and Training, Child services billed. Similarly, the average paid unit rate for Day Treatment and Training, Adult will be calculated as a single rate.
made within a 12 month period of time following delivery of service. Underpayment billing corrections will not be considered beyond 12 months from service delivery.

6.4.2 Applicable Taxes.

6.4.2.1 Payment of Taxes by the State

The State shall pay only the rate and/or amount of taxes identified in the agreement.

6.4.2.2 State and Local Transaction Privilege Taxes

The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect taxes from the buyer does not relieve the seller from its obligation to remit taxes.

6.4.2.3 Tax Indemnification

The Qualified Vendor and all subcontractors shall pay all Federal, State and local taxes applicable to its operation and any persons employed by the Qualified Vendor. Service Setting

1. This service provides for an alternative, non-licensed residential living situation for consumers within the Division’s philosophical base of self-determination; enabling the consumer to choose where and with whom he/she will live and assume all responsibility for his/her residence. Generally, up to three consumers reside together in a private residence that is leased or owned by the consumer(s) and/or the consumer(s) representative(s). The focus of this service is to provide habilitative supports to these consumers based on the collective need for direct staff support to eligible consumers who have chosen to reside together and share their resources.

Rate

1. Published.

2. If at least one of the residents in the facility is authorized to receive this service, the Qualified Vendor may bill the Division the Habilitation, Community Protection and Treatment Group Home rate for all residents in the facility.

3. If the resident that requires Habilitation, Community Protection and Treatment Group Home direct service hours moves out of the facility, the Qualified Vendor may continue to bill the Division at the Habilitation, Community Protection and Treatment Group Home rate for the reduced number of residents for a 60 day period, at which point the facility will be delivering Habilitation, Group Home services.

4. The daily rate for this service is established through an Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home, and is based on Staff Hour unit of service. Staff Hours are the hours provided by the Qualified Vendor that the Division authorizes the Qualified Vendor to schedule and provide at the service site to assure health, safety, and the delivery of habilitation services to the residents.

5. The Division will make payments to the Qualified Vendor on the *per diem* basis based on the hourly rate for the Staff Hour unit of service, the number of residents in the home, and the direct service hours provided up to the number of authorized direct service hours for the home. The adopted rate does not include incontinent supplies or nutritional supplements, which shall be billed separately. These modifiers will be approved by the Division on a case-by-case basis, and the Qualified Vendor will be paid for these expenses in addition to the *per diem* rate and only for those residents that require them.

6. The Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home is composed of ranges representing the number of direct service hours that may be authorized by the Division to be provided by the Qualified Vendor at a particular group home during a week. A week is a consecutive seven day stretch of time that begins at midnight on Sunday and ends at 11:59 p.m. the following Saturday. The Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home contains 14 ranges, each of which specifies the number of direct service hours the Qualified Vendor must provide in order to bill the *per diem* rates associated with that range. This Matrix is statewide for all Habilitation, Community Protection and Treatment Group Homes. The Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home illustrates the span of direct service hours associated with each authorized range.
7. The Qualified Vendor shall invoice for payment for each consumer the *per diem* rate on the Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home that reflects the number of residents in the group home and the range of hours that reflect the lesser of 1) the authorized direct service hours, or 2) the actual direct service hours delivered.

8. The *per diem* rates paid to a Qualified Vendor with multiple homes will vary among homes according to the authorized direct service hours, actual direct service hours provided, and number of residents at each group home.

9. Because direct service hours provided can vary by week, and the number of occupants can vary both by week and within a week, the Qualified Vendor may bill more than one *per diem* rate for each resident on their monthly invoice, but none of the rates billed shall be in excess of the rate which reflects the number of authorized direct service hours.

10. The Qualified Vendor shall use the actual resident occupancy to determine the *per diem* rate to be billed to the Division. The actual resident occupancy includes all residents, whether or not they are funded by the Division. The Qualified Vendor must notify the DDD Program Administrator/Manager or designee about movement into or out of a home by any resident, whether or not funded by the Division. The Division shall determine if direct service hours will be adjusted on a temporary or permanent basis to reflect the need for direct service hours.

11. If a resident is not in the group home facility on a particular day, the Qualified Vendor shall not bill the Division for this resident. In this situation, the Qualified Vendor shall bill the Division the *per diem* rate for the actual number of Division-funded residents.

Examples below illustrate some of the scenarios that the Qualified Vendor may come across over the course of providing direct service services to their consumers.

Example 1: Typical Billing

Using Range 6 of the Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home as reflective of both the authorized range and the number of direct service hours delivered, and assuming three residents were present in the group home, the applicable *per diem* rate per resident would be $134.40.

Example 2: Qualified Vendor Provides More/Fewer Hours than Authorized

Using Range 8 of the Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home as reflective of the authorized range, the Qualified Vendor is authorized to provide between 190 and 210 hours of direct service. As long as the Qualified Vendor’s direct
service hours are within this range, the Qualified Vendor will bill the division a *per diem* rate equivalent to that shown in Range 8. If, however, the Qualified Vendor delivers 185 direct hours, or fewer than the low end of Range 8, the Qualified Vendor will bill the *per diem* rate at Range 7, or the range reflecting the actual direct service hours that were delivered.

On the other hand, if the Qualified Vendor delivers 215 of direct service hours, or more than those authorized in Range 8 (equivalent to 210 hours), the Qualified Vendor will continue to bill the *per diem* rate at Range 8, or the range reflecting the direct service hours that were authorized by the Division.

**Example 3: Different Number of Residents**

Using Range 6 of the Adopted Rate Matrix for Habilitation, Community Protection and Treatment Group Home as reflective of both the authorized range and the number of direct service hours delivered, and assuming three residents were present in the group home, the applicable *per diem* rate per resident would be $134.40.

Assume on day two of the week one resident leaves, until an adjustment is made and unless the Qualified Vendor reduces the number of direct service hours for the remaining two residents, the Qualified Vendor shall bill the Division a *per diem* rate based the authorized range of hours (Range 6) and two residents. Therefore, starting with day two of the week and until an adjustment is made in the authorized direct service hours, the Qualified Vendor shall bill the Division a *per diem* rate of $201.60 for the remaining two residents.

**Unit of Service**

One unit of service equals one hour (60 minutes) of direct service time. Direct service time is the period of time spent with or on behalf of the consumer and can be verified by consumer attendance records and includes transportation time spent with consumers during daily activities. This unit of service is converted to a daily rate for billing purposes.

**Direct Service Staff Qualifications**

1. Direct service staff must:
  1.1 Have at least three months experience implementing and documenting performance in individual programs (specific training strategies);
  1.2 Have both three months experience in providing either respite or personal care and have received training, approved by the Division, in implementing and documenting performance; or

3. The Qualified Vendor shall ensure that appropriate staff participate in a Division supported forum designed to assist all Community Protection and Treatment providers in the areas of person centered planning reviews, ongoing staff training aimed at developing competencies in positive behavioral supports and other therapeutic modalities, clinical oversight and other supportive ventures.

**Recordkeeping and Reporting Requirements**

1. The Qualified Vendor shall maintain a copy of the support plan on file and make it available to the consumer/family/consumer’s representative and/or Division upon request.

2. The Qualified Vendor shall submit monthly progress reports, including a written summary describing the specific service activities and the performance data that identifies the consumer’s progress toward achievement of the established objectives, within ten business days of the close of the month to the consumer’s support coordinator and the consumer/family/consumer’s representative.

3. The Qualified Vendor must maintain on file consumer attendance reports and proof of hours worked by their direct service staff, e.g. staff time sheets.
for the home. The adopted rate does not include incontinent supplies or nutritional supplements, which shall be billed separately. These modifiers will be approved by the Division on a case-by-case basis, and the Qualified Vendor will be paid for these expenses in addition to the per diem rate and only for those residents that require them.

4. The Adopted Rate Matrix for Habilitation, Group Home is composed of ranges representing the number of direct service hours that may be authorized by the Division to be provided by the Qualified Vendor at a particular group home during a week. A week is a consecutive seven day stretch of time that begins at midnight on Sunday and ends at 11:59 p.m. the following Saturday. The Adopted Rate Matrix for Habilitation, Group Home contains 14 ranges, each of which specifies the number of direct service hours the Qualified Vendor must provide in order to bill the per diem rates associated with that range. This Matrix is statewide for all Habilitation, Group Homes. The Adopted Rate Matrix for Habilitation, Group Home illustrates the span of direct service hours associated with each authorized range.

5. The Qualified Vendor shall invoice for payment for each consumer the per diem rate on the Adopted Rate Matrix for Habilitation, Group Home that reflects the number of residents in the group home and the range of hours that reflect the lesser of 1) the authorized direct service hours, or 2) the actual direct service hours delivered.

6. The per diem rates paid to a Qualified Vendor with multiple homes will vary among homes according to the authorized direct service hours, actual direct service hours provided, and number of residents at each group home.

7. Because direct service hours provided can vary by week, and the number of occupants can vary both by week and within a week, the Qualified Vendor may bill more than one per diem rate for each resident on their monthly invoice, but none of the rates billed shall be in excess of the rate which reflects the number of authorized direct service hours.

8. The Qualified Vendor shall use the actual resident occupancy to determine the per diem rate to be billed to the Division. The actual resident occupancy includes all residents, whether or not they are funded by the Division. The Qualified Vendor must notify the DDD Program Administrator/Manager or designee about movement into or out of a home by any resident, whether or not funded by the Division. The Division shall determine if direct service hours will be adjusted on a temporary or permanent basis to reflect the need for direct service hours.

9. If a resident is not in the group home facility on a particular day, the Qualified Vendor shall not bill the Division for this resident. In this situation, the Qualified Vendor shall bill the Division the per diem rate for the actual number of Division-funded residents.

Examples below illustrate some of the scenarios that the Qualified Vendor may come across over the course of providing direct service services to their consumers.
Example 1: Typical Billing

Using Range 6 of the Adopted Rate Matrix for Habilitation, Group Home as reflective of both the authorized range and the number of direct service hours delivered, and assuming five residents were present in the group home, the applicable *per diem* rate per resident would be $72.55.

Example 2: Qualified Vendor Provides More/Fewer Hours than Authorized

Using Range 8 of the Adopted Rate Matrix for Habilitation, Group Home as reflective of the authorized range, the Qualified Vendor is authorized to provide between 190 and 210 hours of direct service. As long as the Qualified Vendor’s direct service hours are within this range, the Qualified Vendor will bill the division a *per diem* rate equivalent to that shown in Range 8. If, however, the Qualified Vendor delivers 185 direct hours, or fewer than the low end of Range 8, the Qualified Vendor will bill the *per diem* rate at Range 7, or the range reflecting the actual direct service hours that were delivered.

On the other hand, if the Qualified Vendor delivers 215 of direct service hours, or more than those authorized in Range 8 (equivalent to 210 hours), the Qualified Vendor will continue to bill the *per diem* rate at Range 8, or the range reflecting the direct service hours that were authorized by the Division.

Example 3: Different Number of Residents

Using Range 6 of the Adopted Rate Matrix for Habilitation, Group Home as reflective of both the authorized range and the number of direct service hours delivered, and assuming five residents were present in the group home, the applicable *per diem* rate per resident would be $72.55.

Assume on day two of the week one resident leaves, until an adjustment is made and unless the Qualified Vendor reduces the number of direct service hours for the remaining four residents, the Qualified Vendor shall bill the Division a *per diem* rate based the authorized range of hours (Range 6) and four residents. Therefore, starting with day two of the week and until an adjustment is made in the authorized direct service hours, the Qualified Vendor shall bill the Division a *per diem* rate of $90.69.

3. The Division will make payments to the Qualified Vendor on the per diem basis based on the hourly rate for the Staff Hour unit of service, the number of residents in the home, and the direct service hours provided up to the number of authorized direct service hours for the home. The adopted rate does not include incontinent supplies or nutritional supplements, which shall be billed separately. These modifiers will be approved by the Division on a case-by-case basis, and the Qualified Vendor will be paid for these expenses in addition to the per diem rate and only for those residents that require them.

6. The per diem rates paid to a Qualified Vendor with multiple homes will vary among homes according to the authorized direct service hours, actual direct service hours provided, and number of residents at each group home.

7. Because direct service hours provided can vary by week, and the number of occupants can vary both by week and within a week, the Qualified Vendor may bill more than one per diem rate for each resident on their monthly invoice, but none of the rates billed shall be in excess of the rate which reflects the number of authorized direct service hours.
Assume on day two of the week one resident leaves, until an adjustment is made and unless the Qualified Vendor reduces the number of direct service hours for the remaining four residents, the Qualified Vendor shall bill the Division a per diem rate based the authorized range of hours (Range 6) and four residents. Therefore, starting with day two of the week and until an adjustment is made in the authorized direct service hours, the Qualified Vendor shall bill the Division a per diem rate of $126.00.

3. The “Flat Trip Rate for Regularly Scheduled Daily Transportation” rate can only be used, and shall be the only rate used, for transportation of a consumer to a day treatment program by a Qualified Vendor that is not an independent provider.

4. Separate urban and rural rates are established for the “Flat Trip Rate for Regularly Scheduled Daily Transportation.” The Qualified Vendor shall bill the Division the rural rate only after it receives authorization from the DDD Program Administrator/Manager or designee. When the Directory release is made available, certain information regarding each administrative site operated by the Qualified Vendor will be required, and additional information will be optional. (See “7. Administrative Sites and Group Homes/Day Treatment and Training Sites” below.)

In the initial release of the System, it is not possible to delete a site from the Administrative Sites list, the Group Homes/Day Treatment and Training sites list, the Developmental Home sites list, or the Individually Designed Living Arrangement sites list once the information has been saved. Once an Applicant enters site information and executes a save feature, that site will become a permanent part of the Application. The Applicant has the following options: 1) edit the information to reflect a valid site, or 2) edit the site name as INVALID1. If more than one erroneous site is entered, edit the site names as INVALID2, INVALID3, etc. If option 2 is selected, when the application prints, the printed version of the application will include the name and other information for that site. This problem should be rectified in future releases of the system.

6. **General information on services provided.** Part of this feature will be included in the application component of the System, primarily to collect program descriptions for each service offered by the applicant. In future releases, optional information such as staffing and references can be supplied by the Qualified Vendors. (See, e.g., “8. Home-Based Services” below.)
7. Geographic area/site information. This feature will not be included in the application release, but will be included in the Directory release. This feature will collect specific information about capabilities and capacity for each service, for each geographic area/site in which the service is to be provided (some of this information is required, and other information is optional). (See, e.g., “9. Home-Based Services Site Specific Information” below.)

The discussions that follow contain descriptions of the information that will be collected for both the Application release and the subsequent Directory release of the System. As a general rule, the information designated as required will have to be submitted with the Qualified Vendor Application and the information designated as optional may be submitted for the Directory.
The Directory will be used by consumers to identify potential providers, and by the Division to match consumers’ service needs with providers. The more information given by an Applicant, the more likely that a consumer will identify that provider’s programs as meeting his/her needs. For example, if some of an Applicant’s direct service staff is bilingual, but this information is not provided, the Qualified Vendor Application can still be approved, but consumers requiring bilingual service staff will not find a match on that Qualified Vendor’s service if they make this part of their search criteria. Thus, providing requested information will result in more matches when consumers search for services. Note that Qualified Vendors may update the optional information in the System, but changes to required items will require Division approval.

3. Instructions

To register with the System, the Applicant will enter their vendor name, contact name and telephone number, their email address, and a password. The System will respond to the email address with a link to a secure section of the Qualified Vendor website. The Applicant will use their user name (email address) and password at this secure website for all future System interaction.

It will not be necessary to complete all information in one session. The Applicant will be able to save and leave the System and to sign on later and resume filling information where they left off. Also, it will be possible for more than one person to provide information. For example, one person may fill in all of the general information, but a different administrator may sign in using the Applicant’s user name and password and provide information about services. When the Applicant has entered all of the necessary information, the Application shall be submitted electronically for review and evaluation by the Division. The System will provide the capability for the vendor to print the Application and Qualified Vendor Agreement Award signature form, the Qualified Vendor Application Assurances and Submittals form, and all sections that were completed so that they may be signed and submitted to the Division as required to complete the Application.

Once the electronic information is submitted, it cannot be amended until after it has been processed as a Qualified Vendor Application. The amendment module of the System will be available on or after May 5, 2003. Applicants are advised to monitor the Division website for announcements regarding this component.

The following sections identify the information that the System will collect for each of the areas identified under “Information Entry Structure” above. For each section, failure to provide information in the required fields will cause the Application to be considered incomplete, and the Application will not be accepted by the Division’s website until that information is provided and the Application is complete.

NOTE: When “½ page” is indicated, the System may accept more than ½ page. Applicants are strongly encouraged to limit their responses to ½ page. The Division reserves the right to truncate the response when responses longer than ½ page are prepared for publication in the Directory.
4. Vendor Application Contract Information

For this section, the vendor shall identify their Federal Employer Identification number (FEIN) or Social Security number (SSN), AHCCCS ID, executive/owner name, and whether they are an agency, independent professional provider or an independent provider.
